Mormon Original Cast Recording:

Singing and Dancing to The Book of Mormon Marc Edward Shaw, Holly Welker, 2016-04-27 One of the most successful shows in Broadway history The Book of Mormon broke box office records when it debuted in 2011 and received nine Tony awards including Best Musical A collaboration between Trey Parker and Matt Stone creators of the show South Park and Robert Lopez Avenue Q the show was a critical success cited for both its religious irreverence and sendup of musical traditions In Singing and Dancing to The Book of Mormon Critical Essays on the Broadway Musical Marc Edward Shaw and Holly Welker have assembled a collection that examines this cultural phenomenon from a variety of perspectives Contributors to this volume address such questions as What made the musical such a remarkable success In what ways does the show utilize established musical theatre traditions and comic tropes but still create something new What religious and cultural buttons does the work push What artistic and social boundaries and the transgressions thereof give the work its edge Another focus in this volume is the official and unofficial Mormon reactions to the musical Because the coeditors and several of the contributors have ties to the Mormon community they offer unique perspectives on the musical's finer points about Mormon doctrine Beyond the obvious appeal to theatre devotees Singing and Dancing to The Book of Mormon will be of interest to scholars of religion sociology theatre and popular culture
