Bedouin Proverbs:

A Culture of Desert Survival Clinton Bailey, 2004 For 3000 years the Bedouin people have conveyed the wisdom of their culture from one generation to the next by means of spoken proverbs This anthology presents 1 350 of these proverbs almost none of which have been heard outside the Bedouin world before Clinton Bailey has collected Bedouin proverbs and documented the life and survival techniques of this hardy people during more than thirty years of fieldwork in the Negev and Sinai deserts His is the only extensive written record of the rapidly disappearing Bedouin culture The rich treasury of proverbs is organized around various subjects relating to the primary theme of Bedouin life survival under harsh desert conditions Bailey presents each proverb in Arabic and English situates it within Bedouin culture and explains how it relates to economic psychological or social survival He provides an unprecedented view of Bedouin life as well as insights into the wider Arab world and the Arabic language

Bedouin Law from Sinai and the Negev Clinton Bailey, 2009-11-24 Bedouin Law from Sinai and the Negev is the first comprehensive study of Bedouin law published in English including oral pre modern law The material for the book collected over the course of forty years of field work by Clinton Bailey one of the world s leading scholars on Bedouin culture is of permanent scholarly value Bailey shows how a nomadic desert dwelling society provides for its own law and order in the traditional absence of any centralized authority or law enforcement agency to protect it This comprehensive picture of Bedouin law offers readers a unique opportunity to understand Bedouin law by highlighting the close connection between the law and the culture from which it emerged

Words Like Daggers: The Political Poetry of the Negev Bedouin Kobi Peled, 2022-06-08 The book explores the political poetry recited by the Negev Bedouin from the late Ottoman period to the late twentieth century By closely reading fifty poems Peled sheds light on the poets sentiments and worldviews To get to the bottom of the issues that inspired their poetry he weaves an interpretive web informed by the study of language culture and history The poems reveal that the poets were perfectly aware of the workings of the power systems that took control of their lives and lifestyle Their poetry indicates that they did not remain silent but practiced their art in the face of their hardships observing the collapse of their world with a mixture of despair and inspiration bitterness and wit

Space and Time in aş-Şāni' Arabic Letizia Cerqueglini,2022-08-01 What is the relationship between spatial and temporal representations in language and cognition What is the role of culture in this relationship I enter this discussion by offering a community based cross generational study on the community of speakers of a ni Arabic members of a Negev Desert Bedouin tribe in Israel The book presents the results of ten years of fieldwork the linguistic and cognitive profiles of three generations and first hand narration of a century of history from nomadism to sedentarism between conservation resilience and change Linguistic and cognitive representations change with lifestyle culture and relationships with nature and landscape Language changes more rapidly than cognitive structures and the relationship between spatial and temporal representations is complex and multifaceted

Sumerian Proverbs in the Schøyen Collection Bendt Alster,2007 Sumerian proverbs constitute the oldest major corpus of proverbs in the world They date by and large from the Old Babylonian period c 1900 1600 B C Apart from a limited number of Egyptian proverbs those of biblical and classical origin come closest in time and geographical proximity to the Sumerian proverbs The Sumerian proverbs are the oldest branch of a universally known phenomenon The number of proverbs that can be adduced for comparison from European American Arabic Chinese Indian and African sources to mention only the main areas is overwhelming Prov de l editor

Ethnic Frontiers and Peripheries Oren Yiftachel,2019-03-12 The idea for editing this book originated during an international conference titled Regional Development The Challenge of the Frontier held in December 1993 at the Dead Sea and which was organized by the Negev Center for Regional Development at Ben Gurion University of the Negev In this conference we noticed that little has been said about the impact of Israel s complex mosaic of ethnic groups on the shaping of the country s social and spatial frontiers We have therefore endeavored to bring together a number of perspectives on the evolution of ethnic frontiers in Israel and the role they play in shaping the cultural landscape of this country Yet we later realized that frontier is too limited a term and that it may through various processes have turned into a mosaic of spatial social economic and political peripheries More specifically we attempted to present the process of frontier development as perceived by Israel s ethnic and national minorities We therefore invited contributions from various other Israeli experts on these issues geographers sociologists anthropologists and political scientists which have now become the main body of chapters in this book We trust that they are representative of the main dimensions of the subject
