

The background of the book cover is a painting of George Washington in a small boat, holding a long pole. The scene is set on a body of water with a dark, rocky shore. A large, torn piece of paper is superimposed over the upper right portion of the painting, serving as a backdrop for the title and author information.

Becoming George Washington:

Becoming George Washington Stephen Yoch, 2015-09 *Becoming George Washington* follows Washington through harrowing battles as well as witnessing his success and failure leading an army in the field At the same time the book explores George's complex relationships with his difficult mother and caring brothers *Epic of Being George Washington* Festus Ogunbitan, 2012-10-11 Purpose of writing this play is to reclaim the dream of the Father of our Nation President George Washington by adapting his brainy quotes into Greek style epideictic drama Also I wish to explore the conflicts and issues in dialectic of exchange and reply in the political responses of King George III of England and President George Washington who represented the thirteen colonies of America in the struggle for America's Independence and democratic rule I have dramatized President Washington and King George III's arguments based on the articles of the Declaration of Independence through the logic of stated assumptions and unstated assumptions to discuss the logical soundness of the disputes made by each faction on monarchy and democratic rule I have critically analyzed their line of reasonings with the method of Aristotle's catharsis and intellectual purification of the soul Although democracy has been around since the time of the Greeks but I have examined the recurring ideologies in the evolution of democracy from the Roman era through the overthrow of King Tarquin the proud 496 B C and the emergence of the first twenty senators or Rex Sacrorum to the foundation of the new democratic system of government and the reaffirmation of another four year period of presidency during the period of Quintus Cincinnatus 456 B C The collapse of the full establishment of democratic government came during the time of Julius Caesar 44 B C in the early Roman Republican period but hope for a free and fair world of democratic government of the people by the people and for the people returned through President George Washington in the 1776 A D According to Charlene Spretnak in *The Resurgence of the Real Body Nature and Place in a Hypermodern World* this evolution of political governance can be called a social process of culture **The Many Faces of George Washington**

Carla Killough McClafferty, 2013-11-01 No picture accurately resembled him in the minute traits of his person there was an expression of his face that no painter had succeeded in taking London's *New Monthly Magazine* in 1790 George Washington's face has been painted printed and engraved more than a billion times since his birth in 1732 And yet even in his lifetime no picture seemed to capture the likeness of the man who is now the most iconic of all our presidents Worse still people today often see this founding father as the old and grumpy Washington on the dollar bill In 2005 a team of historians scientists and artisans at Mount Vernon set out to change the image of our first president They studied paintings and sculptures pored over Washington's letters to his tailors and noted other people's comments about his appearance even closely examined the many sets of dentures that had been created for Washington Researchers tapped into skills as diverse as 18th century leatherworking and cutting edge computer programming to assemble truer likenesses Their painstaking research and exacting processes helped create three full body representations of Washington as he was at key moments in his life And all

along the way the team gained new insight into a man who was anything but old and grumpy Join award winning author Carla Killough McClafferty as she unveils the statues of the three Georges and rediscovers the man who became the face of a new nation

Washington and the West George Washington, 2015-07-28 Excerpt from Washington and the West Being George Washington's Diary of September 1784 The Washington who was first in war is far better known than the Washington who was first in peace and yet the late Herbert B Adams said of the latter man and the tribute must stand as one of the most singular ever made by scholar of statesman It would seem as though all lines of our public policy lead back to Washington as all roads lead to Rome The present volume containing Washington's diary of September 1784 presents Washington's attitude toward one of the great national policies of the early Republic expansion and internal improvements As a prophet of the former and a promoter of the latter Washington had a profound influence upon our early economic history and the story of his attempt to inspire his people to grow strong after he had marvelously inspired them to become free is not unworthy of special record About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

"The" Writings of George Washington George Washington, 1835

George Washington to Henry Knox about His Apprehensions on Becoming President, 1 April 1789 George Washington, 1789 One of Washington's most famous letters written shortly before going to New York for his inauguration Washington writes about his apprehensions on assuming the presidency my movements to the chair of Government will be accompanied with feelings not unlike those of a culprit who is going to the place of his execution So unwilling am I in the evening of a life nearly consumed in public cares to quit a peaceful abode for an Ocean of difficulties without that competency of political skill abilities inclination which is necessary to manage the helm Promises integrity and firmness at his post
