Bedwetter! The Thrill of Bedwetting! Forrest Grant, 2019-11-05 Bedwetting is something that we all go through as children but for many it does not end there For most it is an embarrassing and difficult experience but for others it can be quite the opposite This book seeks to allow other people to accept that their bedwetting may be enjoyable and desirable It then discusses ways to enjoy and expand bedwetting Containing statistics about bedwetting throughout life it also details several programs for those who wish to commence wetting their beds or who seek to increase it Definitely a unique book filled with fabulous information and ideas for a unusual way of life The Bedwetter's Compendium Forrest-

Grant, 2019-06-24 I never really realised what the fuss was about bedwetting It never bothered me be it a small puddle or soaked from end to end These three books explain about how bedwetting can be viewed as a positive and enjoyable experience The first book is a how to guide about how to enjoy and accept bedwetting as a viable lifestyle The second two novels are fiction but with an element of truth as we see two adult bedwetters come to board at the same house The landlady not only accepts them but encourages them and helps them find who they really are There are no more powerful pro bedwetting books and novels on the market **The Bedwetter's Compendium** Forrest Grant, 2019-08-14 I never really realised what the fuss was about bedwetting It never bothered me be it a small puddle or soaked from end to end These three books explain about how bedwetting can be viewed as a positive and enjoyable experience The first book is a how to guide about how to enjoy and accept bedwetting as a viable lifestyle The second two novels are fiction but with an element of truth as we see two adult bedwetters come to board at the same house The landlady not only accepts them but encourages them and helps them find who they really are There are no more powerful pro bedwetting books and novels on the market
