In A Beginner's Guide to God author Eric Neal hopes to eliminate some confusion surrounding religion and provide a clear and universal pathway to the creator. In this guide Neal addresses some of life's biggest questions. Does God exist? What happens when we die? Is this our only life? Who created the universe? How was the universe created? Why was it created? What is the spiritual realm? Why do people believe in a higher power? In addition to addressing the large questions A Beginner's Guide to God explores the origins, history, and leadership of some of the world's major religions and provides a synopsis of their teachings. A Beginner's Guide to God offers a general guide to spark interest and clarify aspects of mankind's most important questions. Its goal is to help us make sense of religion, its progression, and the existence of a higher power.
