**Beware of False Religions & Pagan Traditions Part 3** Helene Fulton,2015-01-11 There are only two roads one leads to heaven and one leads to hell This is a spiritual fact without change or compromise there is no middle road and no chance to sit on the fence There are numerous false religions operating in the world today falsely broadcasting themselves as truth or as God s truth for that matter These religions may on the contrary be the foundation of lifelong poverty family breakdown mental derangement physical illness or varying manifestations of bizarre behavior in the lives of people These individuals have either turned their back on the true God completely or by their actions have allowed some of these pagan and false religious

practises to creep into there every day lives By clinging to these pagan traditions we inadvertently give Satan a foothold in our lives In these books these false religions have been measured up against the word wisdom and knowledge of God The word of God says that His word is like fire and is a hammer that breaks rocks into pieces     *The British National Bibliography* Arthur James Wells,2001     Subject Guide to Books in Print ,2001     *A Children's Book for Demons* Alameen Karim Merali,2024-07-23 This book is an introductory guide to children that helps them better themselves with spiritual practices and get started with training themselves in drawing and meditation practices All characters in the book are fictitious and are only meant for meditation exercises Drawing further helps a child better their imagination and sharpens their thinking abilities Meditation in combination with drawing can make an interesting impact with your child s ability to interpret things around them in their day to day lives This book helps with all that     *The Literary Digest International Book Review* Clifford Smyth,1923     *Video Rating Guide for Libraries* ,1990     Bibliographic Guide to Psychology New York Public Library. S. Chafer,Stephen Ashley,2012-12-06 Satan A Beginners Guide His Creation Triumph Fall this unbelief being most advantageous to his present undertakings Yet the opinions of men have never changed the facts of revelation and according to Scripture Satan exists still possessed with great power and influence over the affairs of men a power and influence to be increasingly dreaded as this present age advances The teachings of Scripture on this important subject are but little understood by Christians and seem to be entirely outside the thought of the world It is therefore to be

expected that any attempt to present this truth will seem to many mere folly and fiction The name Satan has by no means been lost It has however been associated with a most unscriptural fancy Without reference to revelation the world has imagined a grotesque being fitted with strange trappings who has been made the central character in theatrical performances and by this relation to the unreality of the theatre the real character of Satan has come to be only one of the myths of a bygone age Scripture reveals a detailed description of the person and career of Satan beginning with his creation his original condition his fall and on to his kingdom with all its developments and his final defeat and banishment It presents a personage so mighty and so prominent in the world to day that the Christian heart would fail were it not for faith in the One who has triumphed over all principalities and powers This attempt to outline the Scripture teaching on this character will be undertaken under certain general conditions First The authority of the Scriptures of both the Old and the New Testaments will be accepted without question Second Evidence will be drawn from the Word of God alone since no final light can be found on this subject other than it has pleased God to reveal in the Bible Third There will be no discussion as to the actual existence of Satan this being both assumed and taught from Genesis to Revelation If any word of mine shall add to the number of the readers of this book I shall be glad to have written it and I sincerely wish that all believers and especially all ministers and Christian workers might in some way be led to read it The subject is vital to any right understanding of the age in which we live and of the personal conflict which we wage for the existence personality and power of Satan are awful facts and of immense present significance We walk in the midst of his snares hear on every hand his doctrines proclaimed by men of blameless lives transformed as the ministers of righteousness and are allured by the pleasure place and power of his perfectly organized world system I know of no other book on Satan in which the dispensational aspects of the subject are so clearly stated nor any other so severely Biblical
