The major themes can be divided into the broad categories of hardware software algorithms and applications for parallel computing. The objective of Euro Par is to provide a forum within which to promote the development of parallel computing both as an industrial technique and an academic discipline extending the frontier of both the state of the art and the state of the practice. This is particularly important at a time when parallel computing is undergoing strong and sustained development and experiencing real industrial take up. The main audience for and participants at Euro Par are seen as researchers in academic departments government laboratories and industrial organizations. Euro Par's objective is to be the primary choice of such professionals for the presentation of new results in their specific areas. Euro Par also targets applications demonstrating the effectiveness of parallelism. This year's Euro Par conference was the tenth in the conference series. The previous Euro Par conferences took place in Stockholm Lyon Passau Southampton Toulouse Munich Manchester Paderborn and Klagenfurt. Next year the conference will take place in Lisbon.
