years I've had the pleasure of coaching many new agents in all the important details required by the loan industry. This course and manual is a direct result of that real time one on one coaching. And once you've completed the course it becomes a field manual to refer to as often as you need to. I feel very passionate about upholding the integrity of our dual role that of commissioned Notary Public and loan signing agent. I hope this training starts you off on a lucrative and fulfilling new career. The industry needs well trained agents. That's you! Please note: Loan Signing Agent certification is not legally required to perform loan signings. Simply being a commissioned Notary Public is all that is legally needed to notarize any document. However, some title companies and signing agencies now require certification as proof that a notary is familiar and skilled with the process. There is no legal entity governing signing agent courses or certification. Certification only shows that you have taken a course and/or passed a final exam in a particular field of study. It does not imply any type of official or governmental licensing or certification.
