Write them down. Build excitement into your life. Create a Bucket List. Most people think of a bucket list where you write stuff you want to do when you're nearly dead. A Bucket List is not just that. It also provides you with specific tangible end steps. A Bucket List creates intention where intention goes, energy flows. Start fulfilling your dreams with our Bucket List. It is designed to be PERSONAL. What are your goals and dreams in life? Having goals and dreams in life is what moves us forward and keeps us alive. Having a list of things you want to do in life is a great way to keep you on the ball and moving towards your dreams. Even better can be putting a time limit on when you want to do things. The excitement of making a list is enough in itself, really. It's like planning a trip overseas, looking at a map, all the places you'll go, the cool stuff you'll see, how you'll get around, etc. Planning is half the fun. A NOTEBOOK BUILT TO LAST. We want your journal to last a long time so you can always look back on the crossed-off list without the worry that it will fall apart.
