Building Tablet Pc Applications Developer Reference:

Building Tablet PC Applications Rob Jarrett, Philip Su, 2002 Many pen based software platforms have been introduced in the last decade but only recently has the introduction of faster processors and hardware enabled mainstream introduction of tablet sized pen based PCs. This book tackles the challenge of writing compelling Tablet PC software on two fronts. First it distills decades of usability research into pen based computing to present an authoritative discussion of the optimal design of pen based user interfaces. Second it provides an in depth exposition of the Tablet PC Ink SDK complete with tips and tricks on how developers can produce the most powerful and natural ink aware applications. Distills decades of usability research into pen based software to present an authoritative discussion of the optimal design of pen based user interfaces. Provides an in depth exposition of the TabletPC Ink SDK complete with tips and tricks on how developers can produce the most powerful and natural pen based ink aware applications.
