**Bodybuilding Cookbook** Jacob Lewis, 2018-03-10 Eat Delicious Nutrient Rich Muscle Meals Save s and Put on Lean Muscle While in the Process The number one reason why people fall off track and give up when incorporating a new diet to lose weight and build muscle is not making enough effort in the kitchen This is after all where muscles are built but it s much more complex than that it s not only about the foods contained within your diet it s the timing quantity when and why If you re looking to shed fat while building muscle meal timing is essential and you ll learn all about that right here It s a misconception that you must have a huge amount of protein in your diet and per meal which is why bodybuilding diets can appear costly You can lift weights day and night for hours on end it doesn t matter if you aren t feeding your body the correct nutrients to fuel your workouts and recover afterwards then all the effort will go to waste Jacob Lewis is a former Personal Trainer and Dietary Advisor in the UK and has worked within the industry for over 7 years He s passionate about helping those who wish to transform their body and shed fat and as a former broke student himself creating a delicious nutrient rich diet while on a budget has become his forte Jacob not only breaks down when to eat certain types of food to optimise muscle gains while shedding fat he also provides a scientific method used by many fitness trainers within the industry to calculate your exact energy needs With a little time dedicated to this it ll become much easier to create a diet plan with the exact amount of food required Therefore while on a budget taking the time to calculate your energy needs can make all the difference to your wallet For each recipe there s an exact calorific breakdown which enables you to keep track of exactly what you re taking in along with exact portions sizes of each macronutrient complete with a step by step cooking process Also inside is a shopping list example for your first week s shop along with an estimated price guideline of each item Each chapter contains a brief introduction to the importance of the type of food to consume at that time of day and why The chapters include Muscle building breakfasts Pre workout recipes Immediately after workout recipes Post workout recipes Before bed recipes Healthy desert recipes Non training day menu Broke and can t afford a bodybuilding diet Click the buy

**Bodybuilding Meal Prep Cookbook** Kory Jhonson, 2021-05-11 When we start on our bodybuilding journey we must remember that it doesn't matter how strict you are with your training regime how many reps you can do or how heavy you can lift if you are not eating a healthy balanced diet with the right amount of protein fats and carbohydrates then all of your hard work at the gym will be in vain Unfortunately most people sign up for a gym membership and go ahead and pump away without understanding the need for proper nutrition More often than not they spend a lot of time energy and money before winding up with zero results and blaming it on external factors such as genetics poor equipment and even poor personal trainers A common misconception about bodybuilding is that all fuel is good fuel People may think that it's all about the calorie intake they've got to eat as much as possible to bulk up and turn it into muscle but it isn't quite as easy as that Energy is used for everything we do in life walking working running talking and yes bodybuilding But you also need energy for things that we sometimes take for granted When you sleep you still breathe your blood still pumps as your heart works and you still expend energy To expend energy human beings need fuel Think of an automobile needing gasoline to run Without gasoline it won't start much less drive anywhere Your body works in the same way but unlike cars that don't use up energy when they're in the garage overnight your body uses up tons of energy while you're sleeping This cookbook covers Why Is Protein Essential For Muscles What is a Vegan Bodybuilding Diet How To Implement The Diet The Benefits of Vegan Bodybuilding Breakfast Recipes Smoothies Lunch Recipes Dinner Recipes Snacks Sides and Appetizers Recipes Desserts

Recipes If you want to get the ultimate body the fuel that you put into it needs to be just right This is why nutrition is so important As previously mentioned sometimes people can actually wind up sabotaging their own training plans exactly because they don't know what to eat Moreover the things they do eat instead of helping them build muscle mass cause them to lose muscle weight and energy There goes the bodybuilding goals Read this book now to learn more about the diet and what is important to consider Click the Buy Now button
