grades 6-12 including gifted, special education and ELL students. Incorporating years of success in helping struggling secondary students become expert readers, she provides both a jargon-free overview of critical research and activities that every teacher can use to improve reading comprehension and content retention. Student examples and sample modifications show teachers how reading activities can be used in content areas ranging from math and science to social studies and English and more. Each chapter contains:

- A skills overview
- Detailed descriptions of relevant subskills
- Skill-building activities
- An assessment rubric
- Examples of student work
- Blank reproducibles of every activity

Learn how to use double-entry journals, text coding, bookmarking, and questioning strategies to help students become more proficient readers. Based on IRA and NCTE standards, these activities foster independence, self-reflection, and motivation in all students.
