Alexander S Outing:

Alexander's Outing Pamela Allen,2025-06-03 Stay close take care quacked Alexander s mother But Alexander did not stay close and he did not take care He straggled behind with his head in the air and disappeared down a deep dark hole Can you help Alexander s mother his brothers and sister and all the passers by solve the problem Beloved and award winning author Pamela Allen has captivated readers worldwide with her enchanting stories and timeless characters for over 45 years and Alexander s Outing is no exception continuing to win the hearts of new generations

Teaching Early Years Susanne Garvis,2020-07-16 This new early childhood text provides a comprehensive overview of early childhood education in Australia for children from birth to eight years It reports on a wide variety of significant early childhood topics and is written in a style directed towards early childhood professionals Kim Walters President Early Childhood Teachers Association The early years of care and learning are recognised as crucial for ongoing educational success and future participation in society Early childhood professionals need specialist preparation to understand and effectively support early years learners Teaching Early Years offers a systematic research based introduction to educating children from birth to eight years Leading educators identify the key priorities in early years education and cover developmental issues curriculum pedagogy and assessment Each chapter concludes with questions that guide reflection of the concepts developed in the chapter Written for early childhood education students childcare workers and education leaders Teaching Early Years is an essential resource for anyone involved in caring for and educating early years learners

Teaching Early Years Donna Pendergast,Susanne Garvis,2023-06-12 Edited by Donna Pendergast and Susanne Garvis this new edition of Teaching Early Years provides a comprehensive overview of and introduction to educating children from birth to eight years Structured around the key priorities for early childhood education and care curriculum pedagogy and assessment this book supports readers to develop and enhance their knowledge and understanding of the essential theory scholarship and practical applications This second edition has been thoroughly revised to reflect the significant innovation and development across the sector ensuring that coverage of content the latest research and references to curricula and professional standards are up to date and relevant to today s pre and in service educators The new edition includes a greater focus on a number of areas compared to the first edition including Sustainability education Health and nutrition Innovative and age appropriate pedagogies Increased coverage of Aboriginal and Torres Strait Islander perspectives New understandings of the early years learner Each chapter provides case studies examples from practice chapter summaries and reflection questions encouraging the reader to engage more deeply with the key concepts and learning points Bringing together leading scholars and practitioners Teaching Early Years provides the specialist knowledge and preparation required for early years educators in all learning environments to deliver exceptional education and care to all children in the early years

Read to Me Gloria Rolton,2001-11-01 Read To Me is a thought provoking practical guide to assist parents carers and students in their selection of books for young children

including those with special needs Reading to children can enrich their language and listening skills cognitive development social skills early reading and problem solving skills Sharing a picture book a nursery rhyme or telling a story also enhances the bond between parent and child in a way that is fun for both adult and child This title provides parents with a comprehensive list of titles to begin reading to their child to introduce their child s eyes to the wonders of books and reading

Child Development in Practice Pamela May,2010-11-05 How should children feel about themselves and their learning How do I know what children have learnt and how can I move them on How can I ensure that resources are available for children to use actively and independently In today s busy setting an understanding of child development sometimes gets overlooked yet it lies at the heart of effective practice Child Development in Practice provides an approachable user friendly base from which to plan ways of working with children that are developmentally appropriate and will enable them to learn enjoyably and effectively Drawing on recent research the book thoughtfully discusses sound principles of child development alongside descriptions of every day practice It then offers practical advice on how to fully utilise the key areas in an early years setting including the creative area books and stories and the outside and shows how to plan and implement integrated topics where teaching is cross curricular and holistic Throughout a series of key questions are presented to encourage practitioners to reflect on why they are teaching in certain ways and increase their understanding of children s developmental needs Directly linking theory and practice this book aims to give students and practitioners the knowledge and confidence they need to help children become active interactive and independent learners
