## Algebra 1 Project Ideas:

Topics and Trends in Current Statistics Education Research Gail Burrill, Dani Ben-Zvi, 2018-12-29 This book focuses on international research in statistics education providing a solid understanding of the challenges in learning statistics. It presents the teaching and learning of statistics in various contexts including designed settings for young children, students in formal schooling, tertiary level students, and teacher professional development. The book describes research on what to teach and platforms for delivering content, curriculum strategies on how to teach for deep understanding, and includes several chapters on developing conceptual understanding, pedagogy, and technology. Teacher knowledge and beliefs and the challenges teachers and students face when they solve statistical problems, reasoning and thinking. This new research in the field offers critical insights for college instructors, classroom teachers, curriculum designers, researchers in mathematics and statistics education, as well as policy makers and newcomers to the field of statistics education. Statistics has become one of the key areas of study in the modern world of information and big data. The dramatic increase in demand for learning statistics in all disciplines is accompanied by tremendous growth in research in statistics education. Increasingly, countries are teaching more quantitative reasoning and statistics at lower and lower grade levels within mathematics, science, and across many content areas. Research has revealed the many challenges in helping learners develop statistical literacy, reasoning and thinking, and new curricula and technology tools show promise in facilitating the achievement of these desired outcomes.

Cooperative Research Projects, 1963      *A Quiet Revolution* Michael D. Steele, Craig Huhn, 2018-03-19 This book chronicles Holt High School's 30-year transformation in mathematics education. It highlights the shift to an innovative curriculum, the removal of tracking, and the creation of supportive, discourse-rich classrooms. It includes successes, challenges, and reflective activities for educators to inspire meaningful change.
