## Att Wireless Router Manual:

**Galaxy S II: The Missing Manual** Preston Gralla,2011-12-16 Unlock the potential of Samsung's Galaxy S II with this jargon free guide from technology guru Preston Gralla. You'll quickly learn how to shoot high res photos and HD video, keep your schedule, stay in touch and enjoy your favorite media. Every page is packed with illustrations and valuable advice to help you get the most from the smartest phone in town. Note: This book does not cover the Galaxy S3, Galaxy S4 and later models. The important stuff you need to know: Get dialed in, Learn your way around the Galaxy S II's calling and texting features, Go online, Browse the Web, manage email and download apps with Galaxy S II's 3G/4G network or create your own hotspot. Master your media: Shoot and share pictures and video, organize and play your music library and send it wirelessly to your TV or stereo. Be entertained now: Start watching movies and TV shows while they're still loading. Explore the world: Get news and weather, find a location and navigate by GPS. Check your schedule: Use the convenient calendar app and sync it with your Google and Outlook calendars. Preston Gralla is the author of more than 40 books including Missing Manuals on Droid X2, Xoom and Galaxy Tab. He's the editor of WindowsDevCenter.com and OnDotNet and a contributing editor to Computerworld.

*The Internet: The Missing Manual* J.D. Biersdorfer, David Pogue, 2006-07-21 The Internet is almost synonymous with change, that's one of its charms and one of its headaches. You may think you know the Internet, but are you really up to speed on internet telephones, movie and TV downloading, blogging, gaming, online banking, dating and photosharing? This utterly current book covers Getting Online. Readers will have all the information they need to decide what kind of broadband connection works best for them, which browser they should use and what kind of spyware fighting and virus and spam protection measures they need to protect themselves. Finding Information: Google may be the leading search site, but it's certainly not the only game in town. This book introduces a diverse and useful collection of sites that help uncover everything from health care information to shopping, travel and finance to dependable reviews and ratings. Movies, music and photos: The Web's teeming with entertainment and not just the sort of postage stamp sized videos that only a geek could love. Learn where to download movies, watch TV online, listen to music, play games and post and share photos with friends. Keeping in touch: Email's only the beginning. This book introduces readers to the many tools that make the modern Internet such a great way to stay connected. From Web based discussion groups to instant messaging programs and from blogs and podcasts to Internet based phone calls, this book will help you join the conversation. Ideal for anyone just venturing into cyberspace, this book is also perfect for more experienced users who could use an update to today's most exciting internet applications.
