African Countries and the Global Scramble for China Ngonlardje Kabra Mbaidjol, 2018-12-10 In this new book on

Africa China relations Ngonlardje Kabra Mbaidjol strongly engages in the heated debates on African cooperation with China an increassingly rich and powerful partner The current dominant view highlights the neo colonial and exploitative nature of these relations with a denial of any positive results for African people However the growing China Africa partnership took its roots at Bandung 1955 conference to culminate with an overt competition between China and other nations over African resources For many a new scramble for Africa emerges The author argues there is rather a global scramble for China a fierce battle to get the PRC s kind attention Africa is right to engage the struggle to access China s development funding Africa may wish to avoid being distracted by rival voices but to endeavor doing its own homework and rehearse for the global competiton in the only interest of African people Mbaidjol s book unpacks Africa s preparedness and rehearsal strategy
