Bioethics An Anthology 2nd Edition:

Bioethics Helga Kuhse,Udo Schüklenk,Peter Singer,2015-10-19 Now fully revised and updated Bioethics An Anthology 3rd edition contains a wealth of new material reflecting the latest developments This definitive text brings together writings on an unparalleled range of key ethical issues compellingly presented by internationally renowned scholars The latest edition of this definitive one volume collection now updated to reflect the latest developments in the field Includes several new additions including important historical readings and new contemporary material published since the release of the last edition in 2006 Thematically organized around an unparalleled range of issues including discussion of the moral status of embryos and fetuses new genetics neuroethics life and death resource allocation organ donations public health AIDS human and animal experimentation genetic screening and issues facing nurses Subjects are clearly and captivatingly discussed by globally distinguished bioethicists A detailed index allows the reader to find terms and topics not listed in the titles of the essays themselves Contemporary Debates in Bioethics Arthur L. Caplan,Robert Arp,2013-09-10 Contemporary Debates in Bioethics features a timely collection of highly readable debate style arguments contributed by many of today's top bioethics scholars focusing on core bioethical concerns of the twenty first century Written in an engaging debate style format for accessibility to non specialists Features general introductions to each topic that precede scholarly debates Presents the latest cutting edge thoughts on relevant bioethics ideas arguments and debates **Contemporary Issues in Bioethics** Tom L. Beauchamp,LeRoy Walters,2008 CONTEMPORARY ISSUES IN BIOETHICS brings you balanced coverage of the most pressing topics in bioethics including partial birth abortion organ transplants and global pandemics to name a few With a diverse range of classic and current essays as well as actual medical and legal cases written by outstanding medical ethics scholars this anthology will help you understand each issue from a variety of standpoints including those of medical researchers and practitioners legal experts and philosophers *Bioethics Beyond the Headlines* Albert R. Jonsen,2005 Bioethics asks fundamental questions Who lives Who dies Who decides These questions are relevant to us all Too often the general public's sole encounter with these weighty questions is through sound bites fed to us by the media where complex difficult matters are typically presented in superficial and inaccurate terms Here renowned bioethicist Albert R Jonsen equips readers with the tools and background to navigate the fascinating and complex landscape of bioethics Bioethics Beyond the Headlines is a primer You will not find convoluted philosophical arguments in this volume Rather you will find an engaging sampling of the key questions in bioethics including euthanasia assisted reproduction cloning and stem cells neuroscience access to healthcare and even research on animals and questions of environmental ethics areas typically overlooked in general introductions to bioethics But a primer is not merely a first book it should also prime the interest of the reader to prepare the mind for a more expansive venture into these issues Bioethics Beyond the Headlines intends to do just that
