Biographia Literaria (Annotated) Samuel Taylor Coleridge, 2021-03-26 Differentiated book It has a historical context with research of the time The purpose of realizing this historical context is to approach the understanding of a historical epoch from the elements provided by the text Hence the importance of placing the document in context It is necessary to unravel what its author or authors have said how it has been said when why and where always relating it to its historical moment The literary Biography of Samuel Taylor Coleridge 1772 1834 As is known it is a kind of literary memories in which criticism predominates stylistic metric reflections the exposition of some Hartley ideas the characteristics of imagination and fantasy and above all much around Wordsworth and his poetry especially his Lyrical Ballads where Coleridge's presence is notable It is not a unitary book in any of the two senses although its author belonged to this belief in the first part of his life but a kind of digression that without doubt is centered on poetry The work was dictated at least in part to John Morgan in 1815 and published in 1817 As those who knew him for example De Quincey in his masterful portrait Coleridge was a magnificent speaker Endowed with a good memory and an encyclopedic culture he was given to astonish and overwhelm his interlocutors with immense monologues on a thousand subjects Also like so many at the time he was an opiate

Biographia Literaria Samuel Taylor Coleridge, 2014-02-11 Motives to the present work Reception of the Author's first publication Discipline of his taste at school Effect of contemporary writers on youthful minds Bowles's Sonnets Comparison between the poets before and since Pope It has been my lot to have had my name introduced both in conversation and in print more frequently than I find it easy to explain whether I consider the fewness unimportance and limited circulation of my writings or the retirement and distance in which I have lived both from the literary and political world Most often it has been connected with some charge which I could not acknowledge or some principle which I had never entertained Nevertheless had I had no other motive or incitement the reader would not have been troubled with this exculpation What my additional purposes were will be seen in the following pages It will be found that the least of what I have written concerns myself personally I have used the narration chiefly for the purpose of giving a continuity to the work in part for the sake of the miscellaneous reflections suggested to me by particular events but still more as introductory to a statement of my principles in Politics Religion and Philosophy and an application of the rules deduced from philosophical principles to poetry and criticism But of the objects which I proposed to myself it was not the least

important to effect as far as possible a settlement of the long continued controversy concerning the true nature of poetic diction and at the same time to define with the utmost impartiality the real poetic character of the poet by whose writings this controversy was first kindled and has been since fuelled and fanned **Biographia Literaria; Or, Biographical Sketches of My Literary Life and Opinions** SAMUEL TAYLOR.
