**Faith Without Fear** Michael J. Harris, 2016 Faith without Fear examines key unresolved philosophical theological and ideological issues in the Modern Orthodox Jewish world including Modern Orthodoxy and Haredi Orthodoxy as competing heirs to the pre modern Jewish tradition the challenge to traditional faith posed by modern biblical scholarship and Modern Orthodoxy's perspective on other faiths The book explores some familiar topics such as the role and status of women in Judaism and Jewish life However author Michael J Harris also explores issues which have received little scholarly attention Modern Orthodoxy's relationship with Jewish mysticism its hopes for the messianic era and the fundamental nature and commitments of Modern Orthodoxy Each chapter offers a clearly argued position Complex issues in Jewish law Halacha and thought are summarized so as to be accessible to the general and specialist reader alike as well as students of Judaism and comparative religion The comprehensive notes and references will allow scholars to delve more deeply into the sources and secondary literature and open up new areas for debate Faith without Fear does not provide easy or neat responses As a thought provoking book Faith without Fear offers some controversial approaches to key issues in contemporary Jewish society seeking to open debate and develop further discussion Harris has the skills of an academic scholar which enables him to present us with both a proud and sophisticated manifesto of Modern Orthodoxy one which builds on past thinkers but does not hesitate to chart new ground as well Marc B Shapiro Weinberg Chair in Judaic Studies U of Scranton and author of *Changing the Immutable How Orthodox Judaism Rewrites Its History* Faith Without Fear is a fascinating read I highly recommend it to all readers who love Torah and are concerned about our future David Bigman Rosh HaYeshiva Yeshivat Maale Gilboa extremely comprehensive work the issues that Harris so devotedly and sincerely wrestles with aren't disappearing from the minds of critical thinking Modern Orthodox Jews any time soon Stu Halpern Jewish Book Council The Prose People July 1 2016 Librarians ebook available on ProQuest and EBSCO Subject Theology Jewish Studies Religious Studies *Nietzsche, Soloveitchik and Contemporary Jewish Philosophy* Daniel Rynhold, Michael J. Harris, 2018-06-28 Presents Soloveitchik's philosophy as a conceptual response to Nietzsche's critique of religion that brings Nietzsche's life affirming sensibility to halakhic Judaism **Louis Jacobs and the Quest for a Contemporary Jewish Theology** Miri Freud-Kandel, 2023-10-15 For Louis Jacobs the quest the process of engaging with and thinking about Jewish faith was a lifelong pursuit He offered a model in the 1960s a period characterized by general religious crisis of an observant committed but intellectually curious Judaism that empowered individual seekers to address challenges to faith In Orthodox Judaism at the time a battle was under way for religious control Generating a widespread controversy in British Jewry known as the Jacobs Affair his thought offers a lens for examining the trajectory of Orthodoxy In a contemporary context marked by the changing cultural and intellectual concerns of a post secular age the focus of some of these debates over religious control has shifted Yet Jacobs emphasis on a personal quest is as relevant as ever perhaps more so This first book length analysis of his

theology unpacks the building blocks of his thought It argues that despite its particularities and limitations his approach can provide a powerful model for contemporary religious seekers in the context of a growing impetus away from established denominationally bound forms of religion Many orthodox believers across a range of faiths continue to prefer the certainty of unquestionable religious truth claims rather than pursuing a subjective search for religious meaning For those seeking alternative models for the contemporary Jewish quest a reconsideration of Jacobs theology can offer valuable tools

**Covenant and World Religions** Alon Goshen-Gottstein, 2023-06-06 Finalist for The Rabbi Sacks Book Prize 2023 A new paradigm for relations between religions one of acceptance and collaboration requires not only a willingness to move beyond a tradition of hostility and competition but also significant theological rethinking Within Jewish Orthodoxy there have been very few voices that have advanced and justified a vision of other faiths in this light to this day the reigning paradigm is one of practical collaboration while avoiding theologically based engagement or reflection Two of the most important Orthodox Jewish voices advocating change have been those of Irving Yitz Greenberg and Jonathan Sacks This book presents the theological moral and social views of these two leading rabbis It focuses on the significance of covenant for both and how they adapt this concept to enable the development of a Jewish view of other religions In considering how they may have influenced each other it also studies the limitations and internal contradictions that characterize their work as they attempt to point the way forward in a spirit of dialogue to continuing theological reflection on Judaism's approach to world religions

The People, the Torah, the God Jerome Yehuda Gellman, 2023-05-16 Continuing the author's commitment to neo traditional constructive Jewish theology this book is a sequel to Gellman's trilogy of constructive Jewish theology with Academic Studies Press The book treats three topics which revise and clarify the author's views in light of critics and further thought The book includes a new concept of the Jews as God's Chosen People for our times a reply to an argument for the reliability of Torah history and an approach not a solution to the problem of evil for troubled believers and want to be believers

Challenge and Conformity Lindsey Taylor-Guthartz, 2021-03-01 Orthodox Jewish women are increasingly seeking new ways to express themselves religiously and important changes have occurred in consequence in their self definition and the part they play in the religious life of their communities Drawing on surveys and interviews across different Orthodox groups in London as well as on the author's own experience of active participation over many years this is a thoroughly researched study that analyses its findings in the context of related developments in Israel and the USA Sympathetic attention is given to women's creativity and sophistication as they struggle to develop new modes of expression that will let their voices be heard at the same time the inevitable points of conflict with the male dominated religious establishment are examined and explained There is a focus too on the impact of innovations in ritual these include not only the creation of women only spaces and women's participation in public practices traditionally reserved for men but also new personal practices often acquired on study visits to Israel which are replacing traditions learned from family members This is

a much needed study of how new norms of lived religion have emerged in London influenced by both the rise of feminism and the backlash against it and also by women s new understanding of their religious roles      **The Biblical World** Katharine J.
