*How to Turn Your Desires and Ideals Into Reality* Brown

Landone, 2022-01-26 Brown Landone was one of the first teachers of the scientific understanding of material and immaterial achievements in life. For his first 13 years he lived the usual routine of an invalid. Then his life changed dramatically. Although virtually helpless by many medical accounts he was able to carry a heavy metal crate down five flights of stairs when he was left alone and a house fire broke out. Afterwards young Landone knew that his subconscious had made it happen somehow. He figured that if he could do it on a subconscious level he could certainly do it on a conscious level. This book is an important guide for those who have decided to use the immense power of their Subconscious and make a positive and decisive change in their lives.

**The Atheist's Guide to Reality: Enjoying Life Without Illusions** Alex Rosenberg, 2011-09-20 The Atheist's Guide to Reality is a book for nonbelievers who embrace the reality driven life.

**Naturalism and Our Knowledge of Reality** R. Scott Smith, 2016-04-22 Philosophical naturalism is taken to be the preferred and reigning epistemology and metaphysics that underwrites many ideas and knowledge claims. But what if we cannot know reality on that basis? What if the institution of science is threatened by its reliance on naturalism? R. Scott Smith argues in a fresh way that we cannot know reality on the basis of naturalism. Moreover, the fact-value split has failed to serve our interests of wanting to know reality. The author provocatively argues that since we can know reality it must be due to a non-naturalistic ontology best explained by the fact that human knowers are made and designed by God. The book offers fresh implications for the testing of religious truth claims, science, ethics, education, and public policy. Consequently, naturalism and the fact-value split are shown to be false, and Christian theism is shown to be true.

This book is dedicated to understanding the Law of Attraction principle and more importantly applying it to our everyday lives. What you think becomes a reality. Proverbs 4:23 Above all else guard your heart for everything you do flows from it.

**Collected Papers I. The Problem of Social Reality** A. Schutz, 1972-12-31 Le present volume rassemble plusieurs etudes qu'Alfred Schutz avait consacrees a diverses questions qui gravitent autour d'un probleme philosophique majeur: celui de la socialite. La plupart de ces etudes ont ete publiees ailleurs mais elles etaient dispersees et d'un acces parfois difficile. Tel quel l'ouvrage que nous presentons n'est que la premiere partie d'un ensemble dans lequel l'auteur se proposait de faire reunir par son disciple et ami Maurice Natanson les nombreux essais qu'il avait ecrits depuis son arrivee aux Etats Unis au debut de la demiere guerre. La mort l'empecha de voir realiser ce projet. Il nous semble que la publication successive de cet ensemble dans la fidelite aux indications laissees par l'auteur etait le plus bel hommage que nous puissions rendre a ce penseur qui fut notre ami et meritait sans nul doute de tenir dans le courant phenomenologique une place de premier plan.
