The five elements theory exists in various ancient cultures such as Greek, Japanese and Babylonian philosophy, Traditional Chinese Medicine, TCM and Ayurveda. They all specified similar elements with slight linguistic differences. From the smallest atom to a giant whale to the solar system itself all things are said to be composed of some combination of these elements. When it comes to human life some people believe the five elements play a role in the balance of energies in the body contributing to everything from personality traits to health and well-being. This book is made up of some amazing Write ups based on a very unique theme called 05 elements of nature. Where Each Element denotes a special emotion. Also we've got the WORLD RECORD for publishing this book SAMVN which is based on five elements of nature denoting the Letters of the name of SAMVN PUBLICATION as verified confirmed on the date 25th November 2022.
