Handbook of Motherhood on Screen Susan Liddy,Deirdre Flynn,2025-04-25 The Routledge Handbook of Motherhood on Screen offers a comprehensive global analysis of the representation of Mothers and Motherhood in contemporary screen industries and online spaces Over five distinct sections this handbook examines how the complexities and realities of contemporary motherhood are translated to the screen Offering a full scholarly overview of the field this handbook provides a ground breaking and important contribution to our understanding of motherhood on screen The geographical and genre reach of the handbook presents new ways of theorising and reframing current scholarly debate and gives a wide ranging and comprehensive contribution to knowledge of on screen representations An international team of established scholars and emerging voices provide analysis of representations from around the world spanning a breadth of genres The chapters situate transnational screen representations of motherhood in the 21st Century and assess the implications of contemporary representation of motherhood Thoroughly challenging and expanding understandings of motherhood and mothers this handbook will be an essential multi faceted publication for researchers and students of film TV animation motherhood gender studies feminism ageing studies anthropology and sociology Hyper-Digital Marketing Vanitha Swaminathan,2025-10-18

The rapid changes in technology and the rise of AI have heralded the introduction of a new era which we refer to as the era of hyper digitalization This shift has significant impacts on how organizations and enterprises carry out critical functions across various areas including marketing information technology human resources and others We are witnessing the transformation of the marketing function with many traditional roles of marketers being replaced by new roles that depend heavily on cross functional coordination with multiple areas These changes could be far reaching and have already dramatically impacted how to organize many tasks within organizations Against this backdrop this book offers modern marketers and technologists a guide on navigating the many changes occurring in organizations Any senior executive can leverage many of the concepts presented in this book and be able to handle the sweeping changes taking place in the age of AI This book introduces a new framework with six pillars of modern marketing strategy in the age of hyper digitalization purpose phygital experiences platform participation personalization and partnerships Each pillar has its own chapter which

provides specific guidance for managers on how to implement it The chapters also demonstrate how each pillar can influence key outcomes like attention and engagement In the context of hyper digitalization and AI the six pillar framework will help managers navigate current developments and implement changes that any enterprise is faced with It will offer senior marketing strategists and students a framework for strategic thinking that prepares them for the workplace of tomorrow The framework is supported by numerous case studies and examples from both the United States and other parts of the world that demonstrate how these concepts are applied in real world situations The book incorporates insights from scholarly research on these topics to provide evidence based guidance for managers and executives You can request access to a sample syllabus here [sn pub lecturer material](#)

Digital Wellness, Health and Fitness Influencers Stefan Lawrence, 2022-10-07 This book examines the phenomenon of digital guru media DGM the self styled online influencers life coaches experts and entrepreneurs who post on the themes of wellness health and fitness It opens up new perspectives on digital leisure and internet celebrity culture and asks important questions about the social cultural and psychological implications of our contemporary relationship with digital media Drawing on cutting edge social theory the book explores a wide range of contexts in which DGM intersects with digital leisure from the health related learning of young people to the clean eating movement to the online lives of fitness professionals It asks if digital and social media are problematic per se and explores the problems a turn to the Internet could be revealing about the lack of real world or analogue support as well as potential solutions for our wellness health and fitness needs and wants Bringing together innovative multi disciplinary perspectives this book is fascinating reading for anybody with an interest in leisure studies media studies cultural studies sociology or health and society
