The Virginia Mathematics Teacher ,2002 *The Algebra Miracle: The True Story of a High-Poverty School's Triumph in the Age of Accountability* Stuart Alan Singer,2012-02-21 A miracle is defined as a highly improbable or extraordinary accomplishment The story of the Algebra program at JEB Stuart High School in Fairfax Virginia qualifies for such a designation Over a period of fifteen years a series of ambitious no cost innovations which challenged the prevailing status quo in math education led to a set of academic accomplishments that were indeed improbable and extraordinary This miracle was achieved by a high poverty ethnically diverse student body that was unique at the time but is now representative

of schools found throughout the U S For everyone touched by education from parents and students to teachers and administrators The Algebra Miracle will provide insights into the complexity of finding a low cost formula for academic success in the tight budgetary times of the 21st century This story serves as a model of what can be accomplished when a dedicated school staff commits its time energy and creativity to the needs of their students **El-Hi Textbooks and Serials in Print** ,2006 *El-Hi Textbooks & Serials in Print, 2005* ,2005 *El-Hi Textbooks & Serials in Print, 2003* ,2003
