And Famine Affluence Morality Peter Singer:

Famine, Affluence, and Morality Peter Singer, 2016 As Bill and Melinda Gates point out in their Foreword Singer's classic essay Famine Affluence and Morality is as relevant today as it ever was It is published here together with two of Singer's more popular writings on our obligations to those in poverty and a new introduction by Singer that brings the reader up to date with his current thinking Famine, Affluence, and Morality / Hunger, Wohlstand und Moral. Englisch/Deutsch Peter Albert David Singer, 2023-11-17 Angenommen ich stehe an einem Teich und muss mitansehen wie ein Kind ertrinkt würde mir bei der Rettungsaktion aber meinen teuren neuen Anzug ruinieren Müsste ich das Kind nicht trotzdem retten Wenn nun das durchaus zumutbar wäre Warum teile ich dann nicht meinen Besitz mit jemandem dem ich dadurch das Leben retten könnte ohne dass mich das unzumutbar viel kosten würde Das Kind im Teich ist nicht nur eines der berühmtesten philosophischen Gedankenexperimente sondern drückt auch die Kernidee des effektiven Altruismus aus einer sozialen Bewegung die Singer maßgeblich geprägt hat Der Band bietet eine Neuübersetzung sowie einen genauen Kommentar und zeichnet die Wirkungsgeschichte dieses maßgeblichen Textes nach Die Reihe Great Papers Philosophie bietet bahnbrechende Aufsätze der Philosophie Eine zeichengenaue zitierte Wiedergabe des Textes links das fremdsprachige Original rechts eine neue Übersetzung Eine philosophiegeschichtliche Einordnung Wie dachte man früher über das Problem Welche Veränderung bewirkte der Aufsatz Wie denkt man heute darüber Eine Analyse des Textes bzw eine Rekonstruktion seiner Argumentationsstruktur gefolgt von einem Abschnitt über den Autor sowie ein kommentiertes Literaturverzeichnis

Comment on "Famine, Affluence, and Morality" by Peter Singer. A brief evaluation Tim Windbrake, 2021-09-17 Essay from the year 2020 in the subject Philosophy Theoretical Realisation Science Logic Language grade First Class Honours London School of Economics language English abstract This essay claims that Singer's argument We ought to be preventing as much suffering as we can without sacrificing something else of comparable moral importance is valid but unsound It acknowledges his overall purpose to alleviate absolute poverty and his more recent attempts of rewriting the concept to make his conclusion less demanding and thereby more appealing to a broader audience Nevertheless this essay will solely focus on the strong version of his initial argument Current Debates in Global Justice Gillian Brock, Darrel Moellendorf, 2005-03-22 The papers collected in this volume represent some of the finest recent work by political philosophers and political theorists in the area of global justice Covering both theoretical and applied issues these papers are distinguished by their exceptional quality Moreover they give the reader a sense both of the scope of the field as it is currently emerging and the direction that the debates seem to be taking This anthology is essential reading for anyone serious about understanding the current pressing issues in Global Justice Studies With contributions from Richard Arneson Charles Beitz Luis Cabrera Omar Dahbour Robert Goodin Dale Jamieson John Lango David Miller Thomas Pogge Sanjay Reddy Mathias Risse Gopal Sreenivasan and James Sterba *The Individual and the Political Order* Norman E.

Bowie, Robert L. Simon, 2008 This fourth edition of *The Individual and the Political Order* provides a careful accessible and reasoned liberal justification for the democratic state and political authority The central feature of liberalism is the commitment to individual autonomy The authors show how that commitment provides a defense of democracy and they give a liberal interpretation to such core values as liberty equality and political authority Although the authors support liberal theory they also provide a sympathetic treatment of the critics of liberalism The authors give a sound explanation of such positions as feminist political theory communitarianism and post modernism but they also argue persuasively that these theories fall short as adequate theories of the political order A significant feature of the new edition is the treatment of international issues and globalization particularly the war on terrorism and poverty in the third world This edition retains its balanced treatment of such major theorists as Hobbes Locke Rousseau Rawls and in this edition Marx This edition continues the tradition of readability balance and careful argumentation that characterized the earlier editions *The Individual and the Political Order* is accessible to a wide audience and to nearly all individuals who are interested in how citizens in a state should be governed

Justice and Global Politics Ellen Frankel Paul, Fred D. Miller (Jr.), Jeffrey Paul, 2006 Since the end of the Cold War there has been increasing interest in the global dimensions of a host of public policy issues issues involving war and peace terrorism international law regulation of commerce environmental protection and disparities of wealth income and access to medical care Especially pressing is the question of whether it is possible to formulate principles of justice that are valid not merely within a single society but across national borders The thirteen essays in this volume explore a range of issues that are central to contemporary discussions of global politics Written by prominent philosophers political scientists economists and legal theorists they offer valuable contributions to current debates over the nature of justice and its implications for the development of international law and international institutions
