The Strategy and Tactics of Pricing Thomas T. Nagle, John Hogan, Joseph Zale, 2016-08-23 For undergraduate introduction to Market Pricing courses A comprehensive and practical step by step guide to pricing analysis and strategy development The Strategy and Tactics of Pricing shows readers how to manage markets strategically rather than simply calculate pricing based on product and profit in order to improve their competitiveness and the profitability of their offers The fifth edition contains a new chapter on price implementation and several updated examples on pricing

challenges in today's markets Features NEW Show students how proper pricing can increase profitability New Chapter on Price Implementation A completely new chapter on implementing pricing strategy identifies the challenges involved in embedding strategic pricing principles within an organization This chapter also describes how managers can lead a structured change process to build a more profitable commercial organization NEW Offer access to pricing software Three Month Trial of LeveragePoint Software This edition is now available with software for creating and communicating economic value estimations systematically from LeveragePoint Innovations Inc While versions of this software that enable sharing require corporate contracts for access versions for individual student and practitioner use are available without charge for three months with the purchase of The Strategy and Tactics of Pricing NEW Make pricing theory relative Updated Examples of Pricing Helping connect pricing theory to what students are familiar with this edition includes updated examples with more topical illustrations of current pricing challenges such as iPhone pricing New models for pricing music Services pricing NEW Present the latest information Heavily Revised Chapters The revised chapter on Pricing Policy provides a theoretically grounded framework to describe specific policies for managing price changes for situations such as Cost based price increases Price reductions in a recession Discounts The chapter on Value Creation now addresses the difference between how to consider value when it is driven by tangible monetary drivers saving money on gas versus the more subjective psychological drivers doing the right thing for the environment The chapter on Value and Price Communication has been substantially revised to describe how to communicate value in a wide variety of product and customer contexts This chapter also demonstrates how to target communications to affect specific behaviors throughout the customer's buying process The chapter on Price Setting has been expanded to provide a robust process for setting prices that can be widely applied to consumer and business markets

Guide to Exploding Your Sales Sean Hughes, 2021-09-12 Exploding Your Sales Advanced Pricing Strategies Goldmine Let me ask you a question The last time you launched your own product to sell online or even offline how did you come to a conclusion about what price you were going to be selling at At a guess I'd probably say you looked at the competition to see what they were charging While this is a good start it's far from the whole picture and you're fumbling in the dark if you're looking at competition is the only factor you're taking into account Did you know you can double your sales volume by doubling your price I've done it myself and I'll show you how Did you also know that 99% of the products I see being sold are too cheap So much so that they're putting customers off instead of attracting them which is no doubt what they think they're doing Let's dispel some pricing myths and dig right down to the real facts to ensure you get the most cash in your pocket the next time you launch one of your products

The Strategy and Tactics of Pricing Thomas T. Nagle, Georg Müller, Evert Gruyaert, 2023-07-31 The Strategy and Tactics of Pricing is the most well established and influential strategic pricing text available relied on by practitioners and students globally as a core guide for value based pricing The book explains how to balance the ability to create and extract value through from markets by managing pricing

decisions in a more strategic and profitable manner Rather than calculating prices to cover costs or to achieve sales goals readers will learn to frame more strategic choices that proactively influence customer perceptions of value manage internal costs and profitably shift demand curves This edition features new discussions on harnessing concepts from behavioral economics as well as a refined value cascade to help organize the topics covered in this book Readers will also benefit from Major revisions to more than a third of the chapters including an expanded discussion of the role of artificial intelligence and machine learning analytics tools to assist in the evaluation of new pricing opportunities Discussion of many of the new pricing and revenue recognition models such as consumption based pricing outcomes based pricing and others An expanded discussion on Special Topics in Pricing that cover many of the transformative pricing moves successful companies have made in the past few years in response to major disruptive forces such as the pandemic as well as re emergent inflation In chapter textboxes and call out to highlight different pricing concepts in action using actual examples of companies addressing market challenges Chapter summaries and visual aids to help the reader better understand the ideas and concepts presented throughout this book This comprehensive managerially focused text is a must read for students and professionals with an interest in strategic price management and achieving commercial excellence for their organizations Additional online resources include PowerPoint slides and an instructor s manual including exercises mini cases and examination questions

The Strategy and Tactics of Pricing Thomas (Deloitte Consulting Nagle, USA), Joseph (Deloitte Consulting LLP Zale, USA), John Hogan, 2017-06 **The Teacher's Guide to Pricing Matters** Janine Bray-Müller, 2019-08-30 Teachers see many opportunities for freelance work but is it really possible to make a living as a freelancer in the long term In this book Janine Bray Mueller has encapsulated some key lessons on pricing learned during her career as a freelancer In a competitive market pricing is problematic particularly in uncertain economic times Establishing a sustainable business relies on charging enough to pay not just for immediate living expenses but also to update and extend your teaching skills and cover costs such as holidays sickness and pension provision Understanding why many teachers are trapped in a position of underearning is the first step to escape Many teachers can be their own worst enemy if they lack self confidence or undervalue their skills Familiarity with local market conditions and competitors prices is important but the going rate is not necessarily an appropriate rate to charge Janine explains how to balance your business on three pillars consultancy one to one teaching training seminar workshops and leverage information products This concept will enable you to build up a sustainable teaching business Various pricing strategies are described with advice on how to select those which are appropriate for different types of products services and customers Specialisation is a key strand in establishing a sustainable level of pricing You may be under constant pressure to discount prices but Janine makes clear the dangers in doing so She also deals with when and how to increase prices to avoid a return to underearning Value based pricing is an approach which Janine has applied very successfully to freelance teaching and this is explained fully with valuable practical advice on how it can give

you a more flexible approach to pricing Pricing Matters is full of careful explanations of key business concepts and practical advice on applying them in the context of freelance work Step by step instructions are given on how to identify both your personal and business costs With the aid of this book you can calculate your available teaching time so that you can establish your resentment number and price range The worksheets and checklists included will help you to clarify your strategy and position yourself in the market Janine presents effective ways to manage pricing in an entertaining way and makes them both meaningful and memorable for the freelance teacher Her book contains all you need to know to overcome your demons price your teaching services effectively and establish a financially sound career which is sustainable in the long term A
