ABOUT THE TEST The Advanced Placement Program is designed to allow high school students to pursue college level studies while attending high school. The three hour five minute AP U.S. History exam is usually given to high school students who have completed a year's study in a college level U.S. History course. The test results are then used to determine the awarding of course credit and/or advanced course placement in college. According to the College Board students taking this exam are called upon to demonstrate systematic factual knowledge and bring to bear critical persuasive analysis of the full sweep of U.S. history. This is why we make every effort to establish and build upon context for you rather than encouraging rote memorization of disconnected facts. The AP U.S. History Exam is divided into two sections:

- 1. Multiple Choice: This section is composed of 80 multiple choice questions designed to gauge your ability to understand and analyze U.S. history from the Colonial period to the present. The majority of the questions however are based on 19th and 20th century history. This section tests factual knowledge, scope of preparation, and knowledge based analytical skills. You'll have 55 minutes to complete this section which accounts for 50 percent of your final grade.
- 2. Free Response: This section is composed of three essay questions designed to measure your ability to write coherent, intelligent, well organized essays on historical topics. The essays require you to demonstrate mastery of historical interpretation and the ability to express views and knowledge in writing. The essays may relate documents to different areas, analyze common themes of different time periods, or compare individual and group experiences which reflect socioeconomic, racial, gender, and ethnic differences. Part A consists of a mandatory 15 minute reading period followed by 45 minutes during which you must answer a document based question (DBQ) which changes from year to year. In Part B the student chooses to answer on two of the topics that are given. You will have 70 minutes to write these essays. The free response section counts for 50 percent of your final grade. These topics are broken down into thirds: Political Institutions 1/3, Social and Economic Change 1/3, Behavior and Public Policy, Diplomacy and International Relations, Intellectual and Cultural Development 1/3. The time periods covered are as follows: Pre Colonial through 1789 (1/6th of exam), 1790-1914 (1/2 of exam), 1915-present (1/3rd of exam).

ABOUT THE REVIEW SECTION This book begins with REA's concise yet thorough 230 page review of U.S. history designed to acquaint you with the exam's scope of coverage. Our review covers these topics and historical time periods: The Colonial Period (1500-1763), The American Revolution (1763-1787), The United States Constitution (1787-1789), The New National
