Hallengren,2016-09-15 The book tells the story of a young highly accomplished Swiss man who is apparently destined to be the head of a major bank in Z rich He makes the mistake of trying to carry out a seemingly foolproof embezzlement from the bank This attempt leads him on an increasingly risky path from Z rich to New York to Los Angeles and back to New York ultimately culminating late in his life in trying to carry out one of the greatest most daring and most spectacular embezzlements ever attempted      **Fiction, 1876-1983: Titles** R.R. Galow provides a much needed beacon of light to a segment of our society that seem to be sinking deeper and deeper into darkness The term business ethics once an important topic within the business community has slowly descended through the fog of profitable ends justifying unprincipled means to become nothing more than a self contradictory oxymoron especially among large international corporations In Business Ethics 3 0 Erhard Meyer Galow has taken a fresh approach that appeals to individual personal growth rather than the usual proffering of academic arguments that are not implementable in the real world of relentless Machiavellian competition Only through raising and improving individual awareness and responsibility can real long term change have a chance of developing Business Ethics 3 0 is on the right track with a positive and compelling message may it succeed where the academics have failed Thomas Campbell physicist consciousness researcher author of My big TOE Finalist at the 2018 Humanistic Management Book Awards **The Discourses of Niccolo Machiavelli** Father Leslie J. Walker,2013-11-05 Previously out of print for three years this classic translation by the late Father Leslie J Walker has long been acknowledged as the best English language version of this seminal work in political theory

**Women and White-collar Crime** Mary Dodge,2009 The role of women in white collar crime has emerged as a major topic in the twenty first century but it remains a controversial and neglected area of criminological study Women and White Collar Crime explores the topic of women and white collar crime beyond any previous attempts by encompassing theoretical historical and critical accounts of female perpetrators victims and whistle blowers Through the examination of numerous real life case studies the book provides insight into the personal and societal characterizations of women who cross the line into elite deviance or become victims of corporate and occupational crime Book Jacket **The Practical Lawyer** ,1982
