Burton, 1999 **Daily Word Problems Grade 5** Evan-Moor Educational Publishers, 2001-10 The weekly themes in grade 5 present challenges in many topics such as dog walking, computers reading, travel, pizza and car racing. Math skills practiced include multidigit addition and subtraction, 1 2 and 3 digit multiplication, 1 2 and 3 digit divisors, time and money, fractions, decimals and percents, reading and interpreting graphs and charts, average, mode, range, area and perimeter, logic, linear measurement, weight and capacity.

Diagnosis and Correction in Reading Instruction Dorothy Rubin, 2002 This great introduction to diagnosing and correcting reading problems has been revised and updated based on the latest tests and research. Using numerous examples and scenarios to illustrate concepts and techniques this book is based on the premise that if diagnosis and correction are practiced as an

integral part of daily reading instruction there will be much less need for remediation For pre service and inservice educators especially at the elementary school level **Elementary Algebra for College Students** Irving Drooyan,Katherine Franklin,1988 This is an easy to use introductory text designed for a first course in algebra offering a clear concise presentation of the topics with many sample problems to facilitate student understanding The seventh edition retains the basic subject matter and pedagogy of the previous editions but it differs from them in several significant ways The first three chapters have been extensively reorganised to introduce equations and word problems in a spiral approach Problem solving is developed gradually and integrated with the introduction of standard algebraic topics The text has also been strengthened by broadening the scope of many topics and by incorporating greater variety and more challenging problems into the exercise sets New to this edition are sections on the laws of exponents Nth roots and fractional exponents and radical equations
