Restoring the Vocation of a Christian College Brad

Pardue, Andrew T. Bolger, 2022-05-19 Restoring the Vocation of a Christian College examines the vocation of a Christian institution of higher learning to faithfully educate students and how individual Christian teachers and scholars can participate in this process no matter their discipline. It surveys and engages developments over the last few decades in Christian worldview studies, Christian pedagogy, character formation, and vocational reflection. Through individual essays by college administrators, cocurricular staff, and faculty from a wide range of disciplines, it provides both thoughtful reflection and concrete application of these often abstract concepts to specific institutional settings and the actual classroom experience.

This Way to Youth Ministry Duffy Robbins, 2004 Practical applications, theological foundations, and valuable information for the student beginning a youth ministry. [Encyclopedia of Human Services and Diversity](#) Linwood H. Cousins, 2014-09-05 Encyclopedia of Human Services and Diversity is the first encyclopedia to reflect the changes in the mission of human services professionals as they face today's increasingly diverse service population. Diversity encompasses a broad range of human differences including differences in ability and disability, age, education level, ethnicity, gender, geographic origin, religion, sexual orientation, socioeconomic class, and values. Understanding the needs and problems of Asian Americans, Hispanic Americans, the deaf, the blind, the LGBT community, and many other groups demands an up-to-date and cutting-edge reference. This three-volume encyclopedia provides human services students, professors, librarians, and practitioners the reference information they need to meet the needs of an increasingly diverse population. Features 600 signed entries, organized A to Z across three volumes. Entries authored by key figures in the field conclude with cross references and further readings. A Reader's Guide groups related articles within broad thematic areas such as aging, community, mental health, family and child services, substance abuse, etc. A detailed index, the Reader's Guide, and cross references combine for search and browse in the electronic version. A helpful Resource Guide guides students to classic books, journals, and web sites, and a glossary assists them with the terminology of the field. Available in both print and electronic formats, Encyclopedia of Human Services and Diversity is an ideal reference for students, practitioners, faculty, and librarians.
