**America Is Too Young to Die** Leonard Ravenhill, 2005      America Without the Death Penalty John F. Galliher, Larry W. Koch, David Patrick Keys, Teresa J. Guess, 2005 In 2000 Governor George Ryan of Illinois a Republican and a supporter of the death penalty declared a moratorium on executions in his state In 2003 he commuted the death sentences of all Illinois prisoners on death row Ryan contended that the application of the death penalty in Illinois had been arbitrary and unfair and he ignited a new round of debate over the appropriateness of execution Nationwide surveys indicate that the number of Americans who favor the death penalty is declining As the struggle over capital punishment rages on twelve states and the District of Columbia have taken bold measures to eliminate the practice This landmark study is the first to examine the history and motivations of those jurisdictions that abolished capital punishment and have resisted the move to reinstate death penalty statutes      *America's Youngest Soldier* Ernest L. Wrentmore, 2020-02-25 *America's Youngest Soldier* originally published in 1958 as *In Spite of Hell* is the gripping account of Ernest L Wrentmore the youngest soldier in the American Expeditionary Force during World War One Wrentmore served with honor despite his age two months shy of his thirteenth birthday at the time of his enlistment in September 1917 and despite the horrors he witnessed in the trenches in France Wrentmore saw front line service on three battle fronts and was cited for bravery for delivering a message under fire that made it possible for his unit to advance Wrentmore was wounded twice and severely gassed and on the night of October 17 1918 he was evacuated from the field of battle during the first phase of the Meuse Argonne offensive      The Rebirth of America ,1986      **Is America Committing Suicide?** Austin L. Congress, 1961      *Suffering Childhood in Early America* Anna Mae Duane, 2011-11-01 Nothing tugs on American heartstrings more than an image of a suffering child Anna Mae Duane goes back to the nation's violent beginnings to examine how the ideal of childhood in early America was fundamental to forging concepts of ethnicity race and gender Duane argues that children had long been used to symbolize subservience but in the New World those old associations took on more meaning Drawing on a wide range of early American writing she explores how the figure of a suffering child accrued political weight as the work of infantilization connected the child to Native Americans slaves and women In the making of the young nation the figure of the child emerged as a vital conceptual tool for coming to terms with the effects of cultural and colonial violence and with time childhood became freighted with associations of vulnerability suffering and victimhood As Duane looks at how ideas about the child and childhood were manipulated by the colonizers and the colonized alike she reveals a powerful line of colonizing logic in which dependence and vulnerability are assigned great emotional weight When early Americans sought to make sense of intercultural contact and the conflict that often resulted they used the figure of the child to help displace their own fear of lost control and shifting power      The Outlook ,1917      Outlook Alfred Emanuel Smith, Francis Walton, 1917      **The New Social Order in**
