companies in many parts of the world are equally established The two publishing companies have pooled their expertise in
this joint venture to research compile and publish The International Corporate 1000 A Directory o Who Runs The World s
1000 Leading Corporations The directory was designed to help you identify and contact the senior executives who lead and
manage these companies Accordingly you will find extensive valuable detail about who does what and how to reach them but
you will find little financial or statistical data We have designed the book in this way because we believe there is a great need
for an accurate and current executive directory whereas a wealth of financial data is already available from many different
