American Journalism History Principles Practices:

American Journalism W. David Sloan,Lisa Mullikin Parcell,2002-04-24 News consumers made cynical by sensationalist banners AMERICA STRIKES BACK THE TERROR OF ANTHRAX and lurid leads might be surprised to learn that in 1690 the newspaper Publick Occurrences gossiped about the sexual indiscretions of French royalty or seasoned the story of missing children by adding that barbarous Indians were lurking about before the disappearance Surprising too might be the media's steady adherence to if continual tugging at its philosophical and ethical moorings These 39 essays written and edited by the nation's leading professors of journalism cover the theory and practice of print radio and TV news reporting Politics and partisanship press and the government gender and the press corps presidential coverage war reportage technology and news gathering sensationalism each subject is treated individually Appropriate for interested lay persons students professors and reporters Instructors considering this book for use in a course may request an examination copy here **Encyclopedia of Journalism** Christopher H. Sterling,2009-09-23 Written in a clear and accessible style that would suit the needs of journalists and scholars alike this encyclopedia is highly recommended for large news organizations and all schools of journalism Starred Review Library Journal Journalism permeates our lives and shapes our thoughts in ways we've long taken for granted Whether we listen to National Public Radio in the morning view the lead story on the Today show read the morning newspaper headlines stay up to the minute with Internet news browse grocery store tabloids receive Time magazine in our mailbox or watch the nightly news on television journalism pervades our daily activities The six volume Encyclopedia of Journalism covers all significant dimensions of journalism including print broadcast and Internet journalism U.S. and international perspectives history technology legal issues and court cases ownership and economics The set contains more than 350 signed entries under the direction of leading journalism scholar Christopher H. Sterling of The George Washington University In the A to Z volumes 1 through 4 both scholars and journalists contribute articles that span the field's wide spectrum of topics from design editing advertising and marketing to libel censorship First Amendment rights and bias to digital manipulation media hoaxes political cartoonists and secrecy and leaks Also covered are recently emerging media such as podcasting blogs and chat rooms The last two volumes contain a thorough listing of journalism awards and prizes a lengthy section on journalism freedom around the world an annotated bibliography and key documents The latter edited by Glenn Lewis of CUNY Graduate School of Journalism and York College CUNY comprises dozens of primary documents involving codes of ethics media and the law and future changes in store for journalism education Key Themes Consumers and Audiences Criticism and Education Economics Ethnic and Minority Journalism Issues and Controversies Journalist Organizations Journalists Law and Policy Magazine Types Motion Pictures Networks News Agencies and Services News Categories News Media U.S. News Media World Newspaper Types News Program Types Online Journalism Political Communications Processes and Routines of Journalism Radio and Television Technology **Modern American Journalism**

Sidney Kobre,1959 Tells the story of American journalism from 1900 to the present day Preface *Historical Methods in Mass Communication* James D. Startt,2003 Handbook of the research methods used to study the history of mass communication **The Handbook of European Communication History** Klaus Arnold,Paschal Preston,Susanne Kinnebrock,2019-08-08 A groundbreaking handbook that takes a cross national approach to the media history of Europe of the past 100 years The Handbook of European Communication History is a definitive and authoritative handbook that fills a gap in the literature to provide a coherent and chronological history of mass media public communication and journalism in Europe from 1900 to the late 20th century With contributions from teams of scholars and members of the European Communication Research and Education Association the Handbook explores media innovations major changes and developments in the media systems that affected public communication as well as societies and culture The contributors also examine the general trends of communication history and review debates related to media development To ensure a transnational approach to the topic the majority of chapters are written not by a single author but by international teams formed around one or more lead authors The Handbook goes beyond national perspectives and provides a basis for more cross national treatments of historical developments in the field of mediated communication Indeed this important Handbook Offers fresh insights on the development of media alongside key differences between countries regions or media systems over the past century Takes a fresh cross national approach to European media history Contains contributions from leading international scholars in this rapidly evolving area of study Explores the major innovations key developments differing trends and the important debates concerning the media in the European setting Written for students and academics of communication and media studies as well as media professionals The Handbook of European Communication History covers European media from 1900 with the emergence of the popular press to the professionalization of journalists and the first wave of multimedia with the advent of film and radio broadcasting through the rapid growth of the Internet and digital media since the late 20th century **Confidential to America** David Gudelunas,2017-09-08 In modern day America newspaper advice columns have become public forums for the discussion of human sexuality Although questions posed to newspaper advice columnists ranges from matters of etiquette to intimacy as they have for decades increasingly most of the limited space in these newspaper features address issues that fall under a broader heading of sexuality Questions about marital fidelity dating and relationships sexual practices gender roles and sexual taboos have all become hot button topics within the morally conservative mainstream press In Confidential to America David Gudelunas shows how since the 1950s advice columns have been one of the few consistent mainstream and widely available public forums for the discussion of topics severely restricted in other places Newspaper advice columns serve as sites of discussion about sexuality within a larger culture that is severely divided on questions of how when and to what extent one may formally speak about sexuality Even now at the turn of the twenty first century high schools remain hesitant to devote more than a semester or two to formal

discussions of sexuality When they do under current governmental policy and pressure these discussions are often restricted to abstinence only programs or what might be described as non discussions of sexuality Community based sexual education programs are similarly restricted in their reach funding and more often than not effectiveness In America in the twenty first century talking about sex in educational contexts is perceived to be almost as risky as having sex Gudelunas demonstrates that while formal discussions of sexuality are strictly regulated and often thwarted the informal curriculum of sexuality particularly in the American mass media has become ever more vocal on the topic of sex From depictions conveyed through fictional and reality based popular culture to discussions taking place in the cafeteria if not the classroom and in Internet chat rooms sexuality dominates our collective conscience

Digitised Newspapers - A New Eldorado for Historians? Estelle Bunout, Maud Ehrmann, Frédéric Clavert, 2022-12-31 The application of digital technologies to historical newspapers has changed the research landscape historians were used to An Eldorado Despite undeniable advantages the new digital affordance of historical newspapers also transforms research practices and confronts historians with new challenges Drawing on a growing community of practices the impresso project invited scholars experienced with digitised newspaper collections with the aim of encouraging a discussion on heuristics source criticism and interpretation of digitized newspapers This volume provides a snapshot of current research on the subject and offers three perspectives how digitisation is transforming access to and exploration of historical newspaper collections how automatic content processing allows for the creation of new layers of information and finally what analyses this enhanced material opens up impresso Media Monitoring of the Past is an interdisciplinary research project that applies text mining tools to digitised historical newspapers and integrates the resulting data into historical research workflows by means of a newly developed user interface The question of how best to adapt text mining tools and their use by humanities researchers is at the heart of the impresso enterprise

American Journalism History William D. Sloan, 1989-04-24 Sloan has undertaken to fill a long standing gap in the study of journalism history He has compiled a comprehensive annotated bibliography of works pertaining to United States journalism history from colonial to contemporary times Some 2 600 separate entries provide information on dissertations articles monographs books and reference materials published between 1810 and 1988 Overall this is a useful stimulating volume that pulls together a diverse collection of materials It should enrich the teaching and writing of journalism history American Journalism The history of the American news media has been a popular subject with journalists popular writers and historians since the early years of the Republic and it continues to attract widespread interest Until now however no complete bibliography of these historical materials has been available This comprehensive work provides access to the existing literature on all types of journalism from newspapers to television In his introduction Sloan reviews the different approaches to journalism history that have characterized writing in the field The bibliography is divided by historical period and general theme into 16 sections Carefully annotated it presents concise summaries and bibliographic information for

some 2 600 articles books research guides and reference works published between 1810 and 1988 More than 100 journals are included Cross referencing and a detailed index will help the reader locate materials on specific topics as well as those with wider application An invaluable tool for historians and other scholars engaged in research this book will also serve as a useful reference for courses in mass communications and the history of journalism Principles of American Journalism

Stephanie Craft,Charles N. Davis,2016-03-22 Designed to engage inspire and challenge students while laying out the fundamentals of the craft Principles of American Journalism introduces readers to the core values of journalism and its singular role in a democracy From the First Amendment to Facebook the new and revised edition of this popular textbook provides a comprehensive exploration of the guiding principles of journalism and what makes it unique the profession s ethical and legal foundations its historical and modern precepts the economic landscape of journalism the relationships among journalism and other social institutions the key issues and challenges that contemporary journalists face Case studies exercises and an interactive companion website encourage critical thinking about journalism and its role in society making students more mindful practitioners of journalism and more informed media consumers **Journalism at the End of the American Century, 1965-Present**

James Brian McPherson,2006-06-30 McPherson captures the best and worst aspects of American journalism since 1965 The press has evolved into a conglomeration of entities that today can be described as pervasive entertaining and justifiably mistrusted In some ways today s press offers the best journalism Americans have ever seen In other ways the modern news media fall short of the ideals held by most of those who care about journalism and far short of the promise they once seemed to offer in terms of helping create an enlightened democracy Neither a paean to the press nor an exercise in media bashing this book finds much to criticize and to praise about recent American journalism while illustrating that traditional journalistic values have diminished in importance not just for many of those who control the media but also for the media consumers who most need good journalism Chapters are devoted to various themes that include social unrest the influence of entertainment values technological shifts media consolidation and corporatization issues of content versus context new kinds of news media and why the 1970s may have been the high point of American journalism Events and issues given extra attention include the rise of television news and later CNN the Civil Rights Movement and other race related issues the Women s Movement various forms of alternative journalism wars in Vietnam and Iraq investigative journalism the World Trade Center attacks the Clinton Lewinsky scandal the 2000 and 2004 presidential campaigns and elections civic journalism and journalism scandals America, History and Life ,2003 Provides historical coverage of the United States and Canada from prehistory to the present Includes information abstracted from over 2 000 journals published worldwide Catalogue ... Marymount College of Kansas,1930 General Catalog Louisiana State University (Baton Rouge, La.),1927 **Undergraduate Catalog** North Carolina State University,1927 *Journalism Series* University of Missouri,1921 University of Nebraska-Lincoln, Catalog: ARTS & SCIENCES, COLLEGE OF University of

Nebraska--Lincoln. College Of Arts & Sciences,1924 *The Early Republic* Patricia L. Dooley,2004-12-30 Focuses on 26 pressing issues of the early republic Each issue is presented with an introductory essay and multiple primary documents from the newspapers of the day illustrating both sides of the debate **The Eighteenth Century** American Society for Eighteenth-Century Studies,Jim Springer Borck,2006-12 This 17th volume from the series of bibliographies of the 18th century is divided into sections on printing and bibliographic studies historical social and economic studies philosophy science and religion the fine arts literary studies and individual authors *Catalogue* Ohio State University,1923 **Editor & Publisher** ,1920
