

EMOTIONAL SUPPORT / PSYCHIATRIC SERVICE ANIMAL REQUIREMENTS

Emotional support / psychiatric service animals may fly in the cabin at no charge if they meet these requirements:

- 1 emotional support / psychiatric service animal per person
- Animal must be 4 months or older
- Animal must be clean and well-behaved
- Animal must be able to fit at your feet, under your seat or in your lap (must be smaller than a 2-year old child)
- Animals will be evaluated on a case-by-case basis to determine if they are too large or too heavy to be safely accommodated
- If the animal is in a kennel, it must fit under the seat in front of you with the animal in it
- Final approval for travel will not happen until you arrive to the airport and it's determined the animal will safely fit at your feet

ANIMAL BEHAVIOR

Emotional support / psychiatric service animals must be trained to behave properly in public and they won't be permitted in the cabin if they display any form of disruptive behavior that can't be successfully corrected or controlled, including but not limited to:

- Growling
- Biting or attempting to bite
- Jumping on or lunging at people

Emotional support / psychiatric service animals must be in your control at all times by leash and / or harness.

If this behavior is observed at any point during your journey and isn't corrected or controlled, the animal will be considered a pet and all requirements and applicable fees will apply

ADVANCE NOTIFICATION

To travel with an emotional support / psychiatric service animal in the cabin, you must contact the Special Assistance Desk and submit all required documentation at least 48 hours before your flight. We'll notify you upon document approval with a unique animal ID to be used when traveling with this animal.

If you don't complete or meet all the requirements, your animal may be able to fly as a pet. All applicable fees apply.

REQUIRED DOCUMENTS

You must complete, submit and receive approval of all 3 forms before your animal will be allowed to fly:

- Medical / Mental Health Professional Form
- Veterinary Health Form
- Confirmation of Animal Behavior Form

We may keep your completed documents on file for up to 3 years to support your travel requests and for legal retention purposes.

INSTRUCTIONS

Read and complete all 3 forms

1. Submit all 3 forms together at least 48 hours before your flight
 - Email: sac@aa.com
 - Fax: 817-967-4715
2. Keep documents with you during your trip

The Disability Bioethics Reader Joel Michael Reynolds, Christine Wieseler, 2022-05-30 The Disability Bioethics Reader is the first introduction to the field of bioethics presented through the lens of critical disability studies and the philosophy of disability Introductory and advanced textbooks in bioethics focus almost entirely on issues that disproportionately affect disabled people and that centrally deal with becoming or being disabled However such textbooks typically omit critical philosophical reflection on disability Directly addressing this omission this volume includes 36 chapters most appearing here for the first time that cover key areas pertaining to disability bioethics such as state of the field analyses of modern medicine bioethics and disability theory health disease and the philosophy of medicine issues at the edge and end of life including physician aid in dying brain death and minimally conscious states enhancement and biomedical technology invisible disabilities chronic pain and chronic illness implicit bias and epistemic injustice in health care disability quality of life and well being race disability and healthcare

justice connections between disability theory and aging trans and fat studies prenatal testing abortion and reproductive justice The Disability Bioethics Reader unlike traditional bioethics textbooks also engages with decades of empirical and theoretical scholarship in disability studies scholarship that spans the social sciences and humanities and gives serious consideration to the history of disability activism

Unnatural Companions Peter Christie, 2020-05-21 Highly compelling page turning read TNC's Cool Green Science We love our pets Dogs cats birds reptiles and other species have become an essential part of more families than ever before in North America today pets outnumber people Pet owners are drawn to their animal companions through an innate desire to connect with other species But there is a dark side to our domestic connection with animal life the pet industry is contributing to a global conservation crisis for wildlife often without the knowledge of pet owners In Unnatural Companions journalist Peter Christie issues a call to action for pet owners If we hope to reverse the alarming trend of wildlife decline pet owners must acknowledge the pets versus conservation dilemma and concede that our well fed and sheltered cats too often prey on small backyard wildlife and seemingly harmless reptiles released into the wild might be the next destructive invasive species We want our pets to eat nutritionally healthy food but how does the designer food we feed them impact the environment Christie's book is a cautionary tale to responsible pet owners about why we must change the ways we love and care for our pets It concludes with the positive message that the small changes we make at home can foster better practices within the pet industry that will ultimately benefit our pets wild brethren

Frasch,2000 **American Law Reports** ,2001 **Aviation Cases** Commerce Clearing House,1992 *Animal Law* Sonia Waisman,Bruce A. Wagman,Pamela D. Frasch,2006 The third edition of the premier book on animal law covers a rapidly developing field that is exponentially increasing its presence in both the public eye and on the list of desired classes for law students In the past ten years the number of animal law classes in American law schools has gone from less than ten to more than sixty and this casebook has been used as a model for courses internationally Animal law is in its simplest and broadest sense a combination of statutory and decisional law in which the nature legal social or biological of non human animals is an important factor This new edition contains significant reorganization and updating while continuing to present a cohesive format that touches on many areas in which animals affect legal doctrines caselaw and legislative direction Because animal law is not a traditional legal field the book is largely framed according to traditional legal headings such as tort contract criminal and constitutional law Each chapter sets out cases and commentary where animal law has begun to develop its own doctrine In this third edition the text has been updated and several chapters reorganized and revised to provide even greater clarity and organization than in earlier editions An important new chapter collecting cases and commentary on the commercial use of animals covers diverse areas including agriculture biomedical research and entertainment As in the first two editions animal law as presented in this book is not synonymous with animal rights or with any particular political moral or ethical agenda Rather it is an objective and logical specialization of a challenging area one with a growing number of cases and statutes increasing public and practical interest and significantly different historical legal and philosophical foundations than most other areas of law An essential reference book not only because of its breadth and depth of coverage but also because it includes many stimulating
