American Airlines Merger:

American Airlines, US Airways and the Creation of the World's Largest Airline Ted Reed, Dan Reed, 2014-10-24
The 2013 merger of American Airlines and US Airways marked a major step in the consolidation of the U S airline industry A young management team that began plotting mergers a decade earlier designed a brilliant strategy to seize an industry prize In doing so it enlisted the help of unions who engineered one of the labor movement s biggest corporate victories The airlines histories and the inside story of the takeover is told by two veteran airline reporters **Airline Merger Waves in the United States** Lap Chi Adriano Chao, 2011 **An Original Case Study** John D. Burke, 1973 *An Event Study of the US Airways-American Airlines Merger* Serdar Dalkir, 2019 The recent merger between US Airways and American Airlines was approved by federal and state antitrust authorities after the merging parties agreed to divest slots and gates at certain constrained airports to low cost carriers By analyzing the stock market returns of rival airlines we find some evidence that stock market investors anticipated anticompetitive effects from this merger The economics literature offers many reasons why such stock market event studies should not be used to infer competitive effects from mergers For example abnormal returns for rivals might arise for reasons unrelated to competitive harms such as when a merger changes expectations that one or more rivals will be in play i e a potential future acquisition target However we argue that for certain cases and conditions event studies can inform a competition analysis and that the US Airways American merger might well be one such case **Airline Mergers** United States Government Accountability Office, 2018-01-13 **AIRLINE MERGERS** Issues Raised by the Proposed Merger of American Airlines and US Airways *Airline Mergers* U.S. Government Accountability Office, 2017-08-05 In February 2013 American and US Airways announced plans to merge the two airlines and entered into a merger agreement Valued at 11 billion the merged airline would retain the American name and be headquartered in Dallas Fort Worth This follows the mergers of United Airlines and Continental Airlines in 2010 and the acquisition of Northwest Airlines by Delta Air Lines Delta in 2008 This latest merger if not challenged by DOJ would surpass these prior mergers in scope to create the largest passenger airline in the United States The passenger airline industry has struggled financially over the last decade and these two airlines believe a merger will strengthen them However as with any merger of this magnitude this proposal will be examined by DOJ to determine if its potential benefits for consumers outweigh the potential negative effects This testimony focuses on 1 the role of federal authorities in reviewing merger proposals 2 key factors motivating airline mergers in recent years and 3 the implications of merging American and US Airways To address these objectives GAO drew from its previous reports on the potential effects of prior airline mergers and the financial condition of the airline industry issued from July 2008 through May 2010 GAO also analyzed DOT s airline operating and financial data airline financial documents and airline schedule information since 2002 **Proposed Merger of Eastern Air Lines and American Airlines** United States.
