Privatization and Deregulation in Global Perspective Dennis J. Gayle,Jonathan N. Goodrich,1990 In this volume the leading scholars and practitioners in the field provide a comprehensive in depth examination of trends in privatization throughout the world Focusing primarily on the experiences of seventeen countries including developing countries advanced industrial nations and socialist states the book explores theoretical approaches toward the issues inherent in privatization and deregulation specifies techniques for successful privatization and examines the cost benefits and limits of privatization policies The contributors then present a series of twenty detailed case studies which assess the actual problems and prospects associated with privatization and deregulation policy choices across varied sociopolitical systems and a range of economic sectors The result is the most extensive comparative public policy analysis yet published on the subject of privatization and deregulation Following an introductory overview which addresses the interaction between privatization deregulation and market liberalization within both developed and developing country policy environments the contributors discuss the philosophical bases of privatization policies examine the seminal experiences of Britain and the United States and

identify factors responsible for successful privatization efforts This is followed by case studies of privatization in such sectors as finance transportation health care housing and telecommunications around the world After special sectoral studies of developing country finance debt equity conversions and international air transport the authors successively survey the experience of privatization in selected Latin American Caribbean West African and Asian developing nations in the advanced industrial nations of Canada France New Zealand and Sweden and in the socialist countries of China Hungary and Poland In their conclusion the editors discuss the immediate implications of the contributors findings and suggest research directions for the future Numerous explanatory tables and figures are included making this an ideal supplemental text for courses in business government and public policy
