Wilson, John J. DiIulio, 2003-03-01

Congressional Government Woodrow Wilson, 1885 Woodrow Wilson saw congressional government as Committee government It is administered by semi independent executive agents who obey the dictates of a legislature though the agents

themselves are not of ultimate authority or accountability Written by Wilson when he was twenty eight year old graduate student this book examines the American legislative branches especially in light of the fact that Wilson had not yet even visited Congress at the time of its composition Wilson divides Congressional Government into six parts In part one his introductory statement Wilson analyzes the need for a federal Constitution and asks whether or not it is still a document that should be unquestioningly venerated In part two Wilson describes the make up and functions of the House of Representatives in painstaking detail Part three is concerned with taxation financial administration by the government and its resulting economic repercussions Part four is an explanation of the Senate s role in the legislative process The electoral system and responsibilities of the president are the central concerns of part five And Wilson concludes in part six with a both philosophical and practical summarization of the congressional form of the United States government in which he also compares it to European modes of state governance From Barnes Noble description of ebook

Wilson American Government Ap Test Preparations 9th Edition Wilson,2005-02 Keyed to the 8th and 9th editions of Wilson DiIulio s American government this book includes a diagnostic test practice questions full length practice tests as well as graphs and tables to help students learn to analyze data

State/Local Supplement for Wilson's American Government, 8th Wilson,James Q. Wilson,2001-03 Available at no extra cost when packaged with new copies of the text

Woodrow Wilson and the Roots of Modern Liberalism Ronald J. Pestritto,2005-01-20 Woodrow Wilson is best known for his service as the twenty eighth president of the United States and his influence on American foreign policy in the twentieth century and beyond Yet Wilson is equally important for his influence on how Americans think about their Constitution and principles of government Woodrow Wilson and the Roots of Modern Liberalism highlights Wilson s sharp departure from the traditional principles of American government most notably the Constitution Ronald J Pestritto persuasively argues that Wilson s unfailing criticism places him clearly in line with the Progressives assault on the original principles of American constitutionalism Drawing primarily from early writings and speeches that Wilson made during his years as a scholar Pestritto examines the future president s clear and consistent ideologies that laid the foundation for later actions taken as a public leader Engaging and thought provoking Woodrow Wilson and the Roots of Modern Liberalism gets to the heart of Wilson s political ideologies and brings a fresh perspective to the study of American political development
