**How Peripheral is the Periphery? Translating Portugal Back and**

**Forth** João Ferreira Duarte,Rita Bueno Maia,Marta Pacheco Pinto,2015-09-18 This volume is a result of the need to reflect

upon Portugal's position from the viewpoint of the literary assets imported and exported through translation. It brings together a number of scholars working in the field of Translation Studies directly concerned with the Portuguese cultural system in order to analyse this question from various theoretical perspectives and from case studies of translation flows and movements in Portuguese culture. By Translating Portugal Back and Forth the articles discuss issues such as how can one draw the borderline between a peripheral and a semi peripheral system. Is this borderline useful or necessary? How peripheral is the Portuguese cultural system as far as translation transfers are concerned? How stable or pacific has this positioning been? Does the economic and historical perception of Portugal as peripheral entail that from the viewpoint of translation it would behave similarly? By addressing some of these questions and as shown by the second subtitle Essays in Honour of João Ferreira Duarte the volume pays homage to one of the most prominent Translation Studies scholars in Portugal who has extensively reflected on the binary discourse on translation its metaphors and images *Resources in Education*, 2001

**Sharing Yerba Mate** Rebekah E. Pite, 2023-09-14 Drinking yerba mate is a daily communal ritual that has brought together South Americans for some five centuries. In lively prose and with vivid illustrations Rebekah E. Pite explores how this Indigenous infusion made from the naturally caffeinated leaves of a local holly tree became one of the most distinctive and widely consumed beverages in the region. Latin American food and commodity studies have focused on consumption in the global north but Pite tells the story of yerba mate in South America illuminating dynamic and exploitative circuits of production promotion and consumption. Ideas about who should harvest and serve yerba mate along with visions of the archetypical mate drinker persisted and were transformed alongside the shifting politics of class race and gender. This global history takes us from the colonial Río de la Plata to the top yerba consuming and producing nations of Argentina Brazil Paraguay and Uruguay with excursions to Chile the Middle East Europe and the United States where yerba mate is now sold as a superfood. For readers eager to understand South America and its unique drink Sharing Yerba Mate is an essential text that delves into an everyday ritual to expose systems of power and the taste of belonging **Children's Books in Print**, 2007, 2006

**Bibliography of Natural History Travel Narratives** Anne S. Troelstra, 2017-06-01 Anne Troelstra's fine bibliography is an outstanding and ground breaking work. He has provided the academic world with a long needed bibliographical record of human endeavour in the field of the natural sciences. The travel narratives listed here encompass all aspects of the natural world in every part of the globe but are especially concerned with its fauna flora and fossil remains. Such eyewitness accounts have always fascinated their readers but they were never written solely for entertainment fragmentary though they often are these narratives of travel and exploration are of immense importance for our scientific understanding of life on earth providing us with a window on an ever changing and often vanishing natural world. Without such records of the past we could not track document or understand the significance of changes that are so important for the study of zoogeography. With this book Troelstra gives us a superb overview of natural history travel narratives. The well over

four thousand detailed entries ranging over four centuries and all major western European languages are drawn from a wide range of sources and include both printed books and periodical contributions While no subject bibliography by a single author can attain absolute completeness Troelstra's work is comprehensive to a truly remarkable degree The entries are arranged alphabetically by author and chronologically by the year of first publication under the author's name A brief biography with the scope and range of their work is given for each author every title is set in context the contents including illustrations are described and all known editions and translations are cited In addition there is a geographical index that cross refers between authors and the regions visited and a full list of the bibliographical and biographical sources used in compiling the bibliography
