Adobe Master Class Photoshop Compositing With John Lund:

Photoshop Compositing with John Lund John Lund, Pamela Pfiffner, 2004 Many of acclaimed photographer John Lund's images are instantly recognizable. What's not instantly recognizable are the elements that make up these composite images or the Photoshop techniques behind them. To unravel those mysteries, you need this beautiful full color volume. In these pages, Lund and co-author Pamela Pfiffner show you not just how to reproduce his results but the creative process that generates them. The emphasis here is on simplicity: how to create extremely complex images using a few fairly simple Photoshop techniques that even beginners can grasp. After providing an introduction to the creative process and conceptual imagery in general, the authors get to the heart of the volume: the images. Each of the 15 chapters deconstructs an incredible Photoshop compositing process, showing the final image in full page full color glory with an accompanying description of Lund's creative approach to the assignment and a detailed step-by-step explanation of particular techniques used in the project. So how'd he make that fire-breathing dragon? Why, with images of a pet iguana, flame, a wall, and the sky, of course. *The Best of Adobe Photoshop* Bill Hurter, 2006-04-01 Everything that could be done in the traditional darkroom can now be done with Adobe Photoshop, making special effects that were formerly achieved exclusively by expert darkroom technicians available to all photographers. This technological revolution has created new challenges as well as opportunities for increased creativity, allowing photographers to become digital artists as well. With illustrative photos throughout, this book details new, unexpected, and successful techniques used by artists, illustrators, commercial photographers, album designers, wedding photographers, portrait photographers, and teachers. Professional and advanced amateurs will benefit from the instructions for efficiently using the software, minimizing the computer time spent on each photo. *Forthcoming Books* Rose Arny, 2003 *Adobe Master Class* Bret Malley, 2014 *Adobe Master Class* Bret Malley, 2014-06-04 In Bret Malley's world, a father is suspended in the air among his baby's collection of toys; a big box store and parking lot can be transformed into a scene of reclaimed nature; and an ordinary person can sculpt fire with his bare hands.
