### **The US Sports Film: A Genre of American Dream Time** Danny

Gronmaier,2022-12-05 Sports and film are media that create time They are temporal not only in the sense that they are defined and regulated by certain temporalities as a result of processes of social negotiation but also in the sense of modulating and intervening in these processes in the first place They are determined by multiple temporalities referring to and aligning along perceptual corporeality but at the same time they also produce time through and along temporalities of bodily expression and perception Thus as much as we perceive and understand sports and film by means of our culturally coded conceptions of time this comprehension is itself already the product of these media s fabrication and modulation of certain audiovisual imaginations of time This book examines these imaginations with regard to US team sports feature films understanding the former as the latter s constitutive conflict which makes these films graspable as a genre in the first place By addressing temporality as an ever new crystallization of a heroic past and an unattainable future in a saturated yet volatile present this conflict connects substantially to the American Dream as an idea of community building historicity Departing from a non taxonomic approach in genre theory and such philosophical recognition of the American Dream as less an ideological narrative but more a social and socially effective imaginary embedded in an audiovisual discourse of time this book demonstrates the interrelation of sports cinema and American subjectivization along close readings of the poetics of affect of five exemplary sports films FIELD OF DREAMS WE ARE MARSHALL KNUTE ROCKNE ALL AMERICAN JIM THORPE ALL AMERICAN MIRACLE

Cordero,2023-08-18 I never could keep the world properly divided into gods and demons for very long wrote John Dos Passos whose predilection toward nuance and tolerance brought him to see himself as a chronicler a writer who might portray political situations and characters but would not deliberately lead the reader to a predetermined conclusion Privileging the tangible over the ideological Dos Passos s writing between the two World Wars reveals the enormous human costs of modern warfare and ensuing political upheavals This wide ranging and engaging collection of essays explores the work of Dos Passos during a time that challenged writers to find new ways to understand and render the unfolding of history Taking their foci

from a variety of disciplines including fashion theater and travel writing the contributors extend the scholarship on Dos Passos beyond his best known U S A trilogy Including scholars from both sides of the Atlantic the volume takes on such topics as how writers should position their labor in relation to that of blue collar workers and how Dos Passos's views of Europe changed from fascination to disillusionment Examinations of the Modernist's Adventures of a Young Man Manhattan Transfer and The Republic of Honest Men increase our understanding of the work of a complicated figure in American literature set against a backdrop of rapidly evolving technology growing religious skepticism and political turmoil in the wake of World War I
