Communicating with the Multicultural Consumer Barbara Mueller, 2008 *Communicating with the Multicultural Consumer* highlights demographic changes impacting the consumer marketplace in the United States. Growing multiculturalism creates both new opportunities for marketers as well as new challenges. Complete with current examples and case studies, it addresses the key issues that must be kept in mind when creating effective communications programs for ethnic consumers, from marketing mix elements to cultural norms and values. *Communicating with the Multicultural Consumer* is an ideal text for advanced undergraduate and graduate students in specialized courses dealing with ethnic advertising or marketing. It is also an effective supplementary text for introductory advertising, marketing, or mass communication courses and would be useful to advertising practitioners whether on the client side or within the advertising agency.
