American Express Twitter:

Twitter Dhiraj Murthy,2018-03-02 Twitter is a household name discussed for its role in national elections natural disasters and political movements as well as for what some malign as narcissistic chatter The first edition of Murthy's balanced and incisive book pioneered the study of this medium as a serious platform worthy of scholarly attention Much has changed since Twitter's infancy although it is more relevant than ever to our social political and economic lives This timely second edition shows how Twitter has evolved and how it is used today Murthy introduces some of the historical context that gave birth to the platform while providing up to date examples such as the blacklivesmatter movement and Donald Trump's use of Twitter in the US election The chapters on journalism and social movements have been thoroughly updated and completely new to this edition is a chapter on celebrities and brands Seeking to answer challenging questions around the popular medium the second edition of Twitter is essential reading for students and scholars of digital media

A Social Strategy Mikolaj Jan Piskorski,2016-02-23 What people get out of social media and how businesses can get more out of it Almost no one had heard of social media a decade ago but today websites such as Facebook Twitter and LinkedIn have more than 1 billion users and account for almost 25 percent of Internet use Practically overnight social media seems indispensable to our lives from friendship and dating to news and business What makes social media so different from traditional media Answering that question is the key to making social media work for any business argues Mikolaj Piskorski one of the world's leading experts on the business of social media In A Social Strategy he provides the most convincing answer yet one backed by original research data and case studies from companies such as Nike and American Express Drawing on his analysis of proprietary data from social media sites Piskorski argues that the secret of successful ones is that they allow people to fulfill social needs that either can't be met offline or can be met only at much greater cost This insight provides the key to how companies can leverage social platforms to create a sustainable competitive advantage Companies need to help people interact with each other before they will promote products to their friends or help companies in other ways Done right a company's social media should benefit customers and the firm Piskorski calls this a social strategy and he describes how companies such as Yelp and Zynga have done it Groundbreaking and important A Social Strategy provides not only a story and data driven explanation for the explosion of social media but also an invaluable concrete road map for any company that wants to tap the marketing potential of this remarkable phenomenon
