Self-Taught, Outsider and Folk Art

Betty-Carol Sellen,2016-02-09 Much has changed in the world of self taught art since the millennium Many of the recognized masters have died and new artists have emerged Many galleries have closed but few new ones have opened as artists and dealers increasingly sell through websites

and social media The growth and popularity of auction houses have altered the relationship between artists and collectors In its third edition this book provides updated information on artists galleries museums auctions organizations and publications for both experienced and aspiring collectors of self taught outsider and folk art Gallery and museum entries are organized geographically and alphabetically by state and city [A Calendar of American Folk Art 1976](#) ,1975 [The Weight of Whiteness](#) Alison Bailey,2021-02-23 Check your privilege is not a request for a simple favor It asks white people to consider the painful dimensions of what they have been socialized to ignore Alison Bailey s The Weight of Whiteness A Feminist Engagement with Privilege Race and Ignorance examines how whiteness misshapes our humanity measuring the weight of whiteness in terms of its costs and losses to collective humanity People of color feel the weight of whiteness daily The resistant habits of whiteness and its attendant privileges however make it difficult for white people to feel the damage White people are more comfortable thinking about white supremacy in terms of what privilege does for them rather than feeling what it does to them The first half of the book focuses on the overexposed side of white privilege the side that works to make the invisible and intangible structures of power more visible and tangible Bailey discusses the importance of understanding privileges intersectionally the ignorance preserving habits of white talk and how privilege and ignorance circulate in educational settings The second part invites white readers to explore the underexposed side of white dominance the weightless side that they would rather not feel The final chapters are powerfully autobiographical Bailey engages readers with a deeply personal account of what it means to hold space with the painful weight of whiteness in her own life She also offers a moving account of medicinal genealogies which helps to engage the weight she inherits from her settler colonial ancestors The book illustrates how the gravitational pull of white ignorance and comfort are stronger than the clean pain required for collective liberation The stakes are high Failure to hold the weight of whiteness ensures that white people will continue to blow the weight of historical trauma through communities of color [Folk Art](#) ,1992 [American Folk Art](#)

in color and black and white the book showcases nearly two hundred images including work by six New Mexico artists as well as historical photos of the movement Readers will also find interviews with each of these artists and contextualizing essays by the cocurators of the National Hispanic Cultural Center exhibit Ray Hernández Durán and Irene Vásquez as well as scholars such as Phillip B. Felipe Gonzales Howard Griego and Sonja Elena Gandert The result is an incomparable look at art history in New Mexico and the importance of New Mexican artists in the Chicana and Chicano Movement
