Der American Dream in "Forrest Gump". Eine Begriffs- und Filmanalyse Sven Kreienhoop, 2015-06-30 Facharbeit Schule aus dem Jahr 2015 im Fachbereich Medien Kommunikation Film und Fernsehen Note 1 33 Sprache Deutsch Abstract Der American Dream ist seit jeher ein Mythos der Vereinigten Staaten und daher Gegenstand vieler Filme und Bücher So behandelt auch Robert Zemeckis das Thema in seinem Film Forrest Gump 1994 der mit sechs Oscars und drei Golden Globes ausgezeichnet wurde Hierbei stellt sich zunächst die Frage ob die Figur Forrest Gump den American Dream lebt Die Beantwortung dieser Frage ist Gegenstand dieser Arbeit Daher wird zunächst einmal der American Dream soweit dies überhaupt möglich ist definiert und seine gesellschaftliche Bedeutung beschrieben Diese Untersuchung des amerikanischen Traumes erfolgt um dann analysieren zu können inwieweit Forrests Leben den American Dream umsetzt Die Analyse erfolgt anhand im Film auftauchender Motive die jeweils Teilaspekte des American Dreams sind sowie anhand filmstilistischer Mittel Abgerundet wird die Ausarbeitung durch ein Fazit in dem die Leitfrage beantwortet werden soll *Facets of the American Dream and American Nightmare in Film* Jessica Narloch, 2008-10-07 Thesis M A from the year 2008 in the subject English Language and Literature Studies Other grade 1 7 University of Duisburg Essen language English abstract Predictively any attempt at abstracting from the plethora of relevant publications something even faintly resembling a definition of the Dream is doomed to failure Peter Freese As Peter Freese precisely points out defining the American Dream is a difficult if not irresolvable task The reason for this is that beyond an abstract belief in possibility there is no one American Dream Nevertheless it is easy to find short definitions in various encyclopedias In The American Heritage Dictionary of the English Language it is defined as a n American ideal of a happy and successful life to which all may aspire In the deepening gloom of the Depression the American Dream represented a reaffirmation of traditional American hopes The New Dictionary of Cultural Literacy offers a different definition a phrase connoting hope for prosperity and happiness symbolized particularly by having a house of one s own Possibly applied at first to the hopes of immigrants the phrase now applies to all except the very rich and suggests a confident hope that one s children s economic and social condition will be better than one s own A rather short and simple explanation of the term American Dream can be found in the dictionary WordNet by the Princeton University which says that it is the widespread aspiration of Americans to live better than their parents did All of these definitions describe various facets of the dream but none of them gets to the point In order to get an idea of what the dream really is or what it is assumed to be and how the idea of it came up it is necessary to have a look at American history The recapitulation in this work will make an attempt to reveal why it is the American dream and how it is related to American national identity It will give a brief overview of the most important concepts in the history of the country starting back in 1585 when the first colonists arrived It will deal with important topics which besides colonialization and the connected reasons for leaving Europe are the establishment of the Declaration of Independence the Frontier and the westward

movement Manifest Destiny all the way up to the Civil Rights Movement and the struggle for equality Besides it is supposed to not only show the bright side of the dream but its shady sides as well in order to give full testimony of the idea of the American Dream
