American Express Q1 2015:

Financial Behavior Harold Kent Baker, Greg Filbeck, Victor Ricciardi, 2017 Financial Behavior provides a synthesis of the theoretical and empirical literature on the financial behavior of major stakeholders financial services investment products and financial markets With diverse concepts and topics the book brings together noted scholars and practitioners so readers can gain an in depth understanding about cognitive and emotional biases that influence various financial decisions from experts from around the world [Global Credit Review - Volume 4](#) Risk Management Institute Singapore, 2014-10-10 Global Credit Review is an annual publication that provides an overview of the most important developments in global credit markets and the regulatory landscape The fourth volume covers theoretical and empirical research on credit ratings and credit risk and reports on recent findings and evolutions of the RMI Credit Research Initiative The ultimate objective of this publication is to advance the state of research and development in the critical area of credit risk and rating systems With a distinctive focus on topics related to credit markets and credit risk this publication will be of interest to finance professionals policy makers and academics with an interest in credit markets **#MakeoverMonday** Andy Kriebel, Eva Murray, 2018-10-09 Explore different perspectives and approaches to create more effective visualizations MakeoverMonday offers inspiration and a giant dose of perspective for those who communicate data Originally a small project in the data visualization community MakeoverMonday features a weekly chart or graph and a dataset that community members reimagine in order to make it more effective The results have been astounding hundreds of people have contributed thousands of makeovers perfectly illustrating the highly variable nature of data visualization Different takes on the same data showed a wide variation of theme focus content and design with side by side comparisons throwing more and less effective techniques into sharp relief This book is an extension of that project featuring a variety of makeovers that showcase various approaches to data communication and a focus on the analytical design and storytelling skills that have been developed through MakeoverMonday Paging through the makeovers ignites immediate inspiration for your own work provides insight into different perspectives and highlights the techniques that truly make an impact Explore the many approaches to visual data communication Think beyond the data and consider audience stakeholders and message Design your graphs to be intuitive and more communicative Assess the impact of layout color font chart type and other design choices Creating visual representation of complex datasets is tricky There s the mandate to include all relevant data in a clean readable format that best illustrates what the data is saying but there is also the designer s impetus to showcase a command of the complexity and create multidimensional visualizations that look cool MakeoverMonday shows you the many ways to walk the line between simple reporting and design artistry to create exactly the visualization the situation requires *Leadership and Politics* Adebowale Akande, 2024-07-10 This volume sheds light on the world of organizational politics political leadership and the pivotal roles played by employees and political leaders in managing diverse groups It picks up where influential scholars like

Edgar Schein Harry Triandis Bernard Bass Robert House Shalom Schwartz and Geert Hofstede left off providing a timely and transparent exploration of these crucial topics In a rapidly evolving landscape characterized by renewed interest in political skill people management leadership and management diversity training organizational culture workplace incivility ambivalence alliance and career development the book emerges as an invaluable resource assembling a group of renowned contributors in the field who have conducted extensive social research It offers a comprehensive view of contemporary organizational politics psychology at work DEI political skill will HRM leadership effectiveness organizational behavior and culture relationships in the workplace and emotions in politics favoritism workplace incivility ambivalent alliance people analytics and office politics and competition The book discusses the ongoing struggle between knowledge driven scholarship and dogmatic ideology in the workplace and beyond As organizations grapple with the challenges of today s business environment the book therefore is an indispensable guide for scholars consultants and leaders committed to driving continuous improvement and navigating the complex intersection of politics and leadership in the modern workplace

New Money Lana Swartz,2020-05-01 A new vision of money as a communication technology that creates and sustains invisible often exclusive communities One of the basic structures of everyday life money is at its core a communication media Payment systems cash card app or Bitcoin are informational and symbolic tools that integrate us into or exclude us from the society that surrounds us Examining the social politics of financial technologies Lana Swartz reveals what s at stake when we pay This accessible and insightful analysis comes at a moment of disruption from fin tech startups to cryptocurrency schemes a variety of technologies are poised to unseat traditional financial infrastructures Swartz explains these changes traces their longer histories and demonstrates their consequences Getting paid and paying determines whether or not you can put food on the table She shows just how important these invisible systems are The data that payment produces is uniquely revelatory and newly valuable New forms of money create new forms of identity new forms of community and new forms of power

A Cultural History of Money in the Modern Age Taylor C. Nelms,David Pedersen,2021-03-11 Bracketed by global financial crises and economic downturns the modern age has been defined by debates about and transformations of money The period witnessed the consolidation of national currencies and monetary policies as well as the diversification of payment technologies and the proliferation of financial instruments Throughout even as it appeared abstracted by finance and depoliticized by expert ideologies money was revealed again and again to be a powerful medium of cultural imagination and practical inventiveness as well as the site of public and political struggles Modern money both as a form of liquidity and as a claim on wealth remains deeply unsettled caught between private and public interests and subject to epic struggles over the infrastructures of value creation and circulation and their distributional consequences Drawing upon a wealth of visual and textual sources A Cultural History of Money in the Modern Age presents essays that examine key cultural case studies of the period on the themes of technologies ideas ritual and religion the everyday art and representation interpretation and the
