Smart Pop Explains Marvel Movies and TV Shows The Editors of Smart Pop, 2022-07-05 Who is Iron Man? What's an Infinity Stone? When did Captain America become the first Avenger? Why does everyone love Loki even though he's a bad guy? It's easy for new fans to get overwhelmed by the sprawling mythology and complexity of the Marvel Cinematic Universe, which now spans more than 20 films and TV shows. Unlike encyclopedias and guides that offer diehard fans trivia details and deep dives into every on-screen moment, this first-of-its-kind explainer is an easy, fun, and accessible introduction to the hundreds of characters, plots, and interconnected stories that make up one of the greatest pop culture franchises of all time. Do you want to enjoy Spider-Man but don't quite know what a Skrull is? Maybe you know that it was Agatha all along, but did maybe WandaVision leave you wondering about the multiverse of madness? Do you need a primer on Thor's backstory so you can grasp how The God of Thunder became friends with The Guardians of the Galaxy? Or maybe you just want to be able to join in when everyone shouts out Wakanda Forever? If you're looking for an easy-to-access entry into what literally everyone is talking about, this is the book for you. As the perfect and unauthorized resource to keep on hand when watching something for the first or tenth time, Smart Pop Explains Marvel Movies and TV Shows like no one else could.

Film and Faith Carson Holloway, Micah Watson, 2023-11-21 Film and Faith: Modern Cinema and the Struggle to Believe explores religious themes in contemporary film with a focus on recent depictions of religion's continuing manifestations in a secularizing age. The contributors are students of philosophy, political theory, and theology who examine religious and philosophical ideas in commercially and artistically important modern films. They offer a scholarly yet accessible consideration of contemporary films, exploring the problem of faith in the modern world. The approach is balanced, sympathetic but not uncritical, reflecting a complexity in the minds of the contributors themselves. While they are religious believers nonetheless, established scholars

trained in mainstream academic disciplines The chapters cover cinema that are important in different ways and that represent different genres from the art films of Terrence Malick to the more conventional but serious dramas of the Coen brothers and Frank Capra to popular action blockbusters like the Dark Knight and the Marvel films Drawing on these cinematic works the authors explore religious themes that remain salient even in a time when religion seems to be in decline themes such as sin and judgment the experience of grace and reconciliation and confrontation with radical evil
