*The Oxford Handbook of Women, Peace and Security* Sara E. Davies, Jacqui True, 2019 Passed in 2000 the United Nations Security Council Resolution 1325 and subsequent seven Resolutions make up the Women Peace and Security WPS agenda. This agenda is an international policy framework addressing the gender specific impacts of conflict on women and girls including protection against sexual and gender based violence promotion of women's participation in peace and security processes and support for women's roles as peace builders in the prevention of conflict and rebuilding of societies after conflict. The handbook addresses the concepts and early history behind WPS international institutions involved with the WPS agenda the implementation of WPS in conflict prevention and connections between WPS and other UN resolutions and agendas.

**Customary International Humanitarian Law** Jean-Marie Henckaerts, Louise Doswald-Beck, 2005 In 1996 the International Committee of the Red Cross alongside a range of renowned experts embarked upon a major international study into current state practice in international humanitarian law in order to identify customary law in this area. This book is the result of that study a comprehensive analysis of the customary rules of international humanitarian law applicable in international and non international armed conflicts. Given that important treaties in this area have not yet been universally ratified this is a publication of major importance carried out at the express request of the international community. In so doing this study identifies the common core of international humanitarian law binding on all parties to all armed conflicts.

Corporate Aviation Management Raoul Castro, 2011-03-22 In this comprehensive aviation manual Raoul Castro provides a source of invaluable corporate aviation management information. He begins by giving an overview of corporate aviation from its inception then focuses on the management principles and functions that specifically target corporate aviation. Through the utilization of these sound management principles Castro facilitates the acceptance of corporate aircraft as indispensable tools of industry. As Castro notes few companies know how to use corporate aircraft to maximum advantage. Drawing on his expertise and experience Castro designs a plan by which a company can achieve maximum utilization of an airplane or helicopter fleet. He gives specific instructions on how to facilitate the efficient use of the aviation department of a company select appropriate aircraft plan for disasters and establish security measures fulfill legal requirements of the governmental agencies that regulate the use of aircraft and manage the maintenance and repair of aircraft. Castro also discusses the scores of details involved in the management of a professional corporate aviation branch and how these details can be handled in a positive productive manner. After thoroughly examining the overall managerial functions involved in planning organizing controlling and implementing an aviation arm Castro concludes by discussing the

future of corporate aviation This book is a practical and valuable guide for the executive in charge of an aviation department an aviation department manager or chief pilot aspirants to aviation management positions and both students and teachers of aviation management    **Patterson's American Educational Directory** Homer L.
