And Crippler Cage Fighting Life Edge:

The Crippler Chris Leben, 2016-01-05 It takes a certain kind of person to stand out from other mixed martial arts fighters as both a wild man and a rock star Chris Leben otherwise known as The Crippler is that kind of person His reputation started on the inaugural season of *The Ultimate Fighter* a reality show where hopeful fighters vie for a UFC contract and a path to greatness The world saw an out of control brawler with a penchant for destruction But that was only half the story From the slums of northwest Oregon Leben has spent a lifetime coping with deep scars left by an absent father and ever present struggles with alcoholism and drug abuse He's been in jail eleven times including for going AWOL During his ten year career in ultimate fighting Leben became one of the most recognized figures in the sport enthraling audiences around the world with his wild headfirst style of fighting as he took on some of the world's best fighters including Anderson Silva Yoshihiro Akiyama and Wanderlei Silva *The Crippler* is not just an exciting account of his rise to prominence within the UFC it's the incredible story of a renowned wild man dealing with his personal demons and learning that the toughest opponent is always yourself

Cage Kings Michael Thomsen, 2023-06-20 A propulsive and wildly engrossing Brad Stone author of *The Everything Store* account of how the UFC turned mixed martial arts into a multibillion dollar business and global pop culture phenomenon Decried as human cockfighting by Senator John McCain and dismissed by the *New York Times* as a pay per view prism onto the decline of Western civilization the UFC seemed by 2000 to be bleeding out The cage fighting promotion had been banned in thirty six states and was struggling to cover production costs for its next event But three buddies in Las Vegas an ambitious personal trainer and two young casino heirs saw something else in the UFC a vision of the future Over the next two decades the trio would transform the company into one of the most valuable sports properties in the world worth more than the Beatles catalog or the *New York Yankees* And along the way they would also transform the lives of some of the sport's biggest stars both for better and worse A captivating Christopher Leonard author of *The Lords of Easy Money* behind the scenes account of a once reviled subculture's strange path to pop legitimacy *Cage Kings* embeds you in a world of desperate fighters audacious promoters fanboy bloggers fatherly trainers philosophical announcers hustling sponsors and three improbable twentysomething corporate titans on a darkly comic odyssey to normalize a new level of brutality in American pop culture and make a fortune doing so For in an era of generational poverty eroding labor rights radical media transformations simmering political grievances and an obsession with winning at any cost the spectacle of two people fighting in a cage for another few months wages suddenly seemed to make sense Stylishly written and poignantly observed this must read for fans and the simply curious alike Matthew Polly author of *American Shaolin* offers a provocative look at how the hollowing out of the American dream and the violence of modern capitalism left us ready to embrace a sport like cage fighting

The Trigger Daniel J. Patinkin, 2018-06-05 Six moving profiles reveal the complex realities behind gun violence in the United States These are the stories of the shooters In South Carolina a young man embarks on a life of crime

that culminates in a drug related shooting and decades in prison in Chicago an off duty police officer engages in a shootout with a murderous gunman saving a fellow patrolman in rural Tennessee a troubled teenager shoots her abusive father in his sleep The Trigger recounts the dramatic life stories of six individuals who have shot someone in America In 2017 over 15 000 were killed and over 31 000 were injured by gunfire Faced with these desensitizing statistics one easily forgets that each incident is perpetrated by a living feeling human being who has walked a unique path The causes and consequences of these violent acts are often far more complicated than one might expect Author Daniel J Patinkin exhaustively interviewed each of six shooters about their life experiences and about the unique circumstances that compelled them to use a firearm against another person The result is a series of profound narratives that is sure to distress and challenge the reader but also perhaps to provide enlightenment and inspiration Focus On: 100 Most Popular WWE Hall of Fame Wikipedia contributors,
