

## Feature code list for Partner ACS

- **System Date (F181)** sets the date on the the system.

| Changing time & date on Partner ACS Phone System                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                               |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <p><b>System Time (F182)</b></p> <p>Use this feature to set the time that appears on system display telephones. Enter the time in 24-hour notation. In this scheme, the hours of the day are 0000 (12 midnight) to 2359 (11:59 p.m.). Since each time must have four digits, use leading zeros when necessary. The time appears on system display phones as a.m. or p.m. (not in 24-hour notation).</p> <p>To change the System Time:</p> <ol style="list-style-type: none"> <li>1. Press feature +000+soft-intensity+soft-intensity+F182 at extension 10 or 11.</li> <li>2. Enter a new time in 24-hour notation. For example, to set the time to 2:15 p.m., press 1415.</li> </ol> <p>A display similar to the following appears:</p> <p>System Time<br/>Date 1415</p> <p>This time appears on system display phones as 2:15 p.</p> <ol style="list-style-type: none"> <li>3. Select another extension, or exit programming mode.</li> </ol> | <p><b>System Date (F181)</b></p> <p>Use this feature to set the month, day, and year. The system displays only the month and day on display telephones when the telephone is idle; the month, day, and year print on (SACB) call reports. The System Date date stamps the backup files when you use Backup Programming.</p> <p>To change the System Date:</p> <ol style="list-style-type: none"> <li>1. Press feature +000+soft-intensity+soft-intensity+F181 at extension 10 or 11.</li> <li>2. Enter today's date in the form "mmddyy" (month, day, and year), including leading zeros for single-digit months or days. For example, to enter April 28, 2008, press 042808. A display similar to the following appears: <p>System Date<br/>Date 042808</p> <li>3. Select another extension, or exit programming mode.</li> </li></ol> |

- **System Time (F182)** changes the time on the the system.
