Karlson,Dale Rosselet,2015-05-05 A highly visual guide to identifying birds in the field based on the important unchanging features of size shape structure and behavior Birding is an extremely rewarding and fun hobby but some situations can be frustrating or unsuccessful because of a variety of challenging viewing conditions This guide to identifying birds offers the holistic birding by impression method which not only helps with these difficult conditions but also develops an efficient mental identification process using left and right brain skills It begins with a conscious assessment of a bird s unchanging physical characteristics including general size body shape structural features bill legs neck and wings and behavior Using this approach birders can quickly assess all birds and distinguish new and uncommon species from familiar ones They can then examine more detailed field marks to fine tune the identification Rather than a traditional field guide this book presents an interactive how to approach to a more complete identification process      **Henry James, 1866-1916, a Reference Guide** Linda J. discursive lock ins can obstruct policy leadership and limit the emergence of niche innovations such as drones The research argues that a nuanced understanding of politicization and polarization is essential for identifying pathways to overcome these barriers and for designing effective policies that support sustainable aviation transitions Forskning om h llbarhets verg ngar f r flyget fokuserar p teknologisk innovation men f rbiser det avg rande sociopolitiska perspektivet Att n flygindustrins h llbarhetsm l kr ver mer n enbart tekniska l sningar Denna avhandling fyller detta forskningsgap genom att unders ka de politiska diskursernas roll inom Multi Level Perspective MLP med fokus p politisk acceptans av h llbart flyg och dess nischinnovationer Studien fokuserar p politisering polarisering och policyimplikationer Ramar och narrativ ses som centrala verktyg f r meningsskapande vilka formar och omformas av policyakt rer f r att anpassas till deras m l och d rmed p verkar acceptansen av h llbara nischinnovationer Avhandlingen utforskar hur denna dynamik skapar l sningar som hindrar verg ngen Diskurs kan antingen fr mja nischinnovationer genom kad legitimitet och social acceptans eller hindra dem genom att skapa motst nd och minska politiskt st d Denna dynamik r s rskilt relevant i den svenska transportsektorn d r h llbart flyg har m tt konkurrerande politiska narrativ Med hj lp av ett ramverk som integrerar diskursanalys MLP och socio tekniska verg ngar unders ker denna avhandling hur meningsskapande p verkar h llbart flyg Avhandlingen anv nder fokusgrupper och semi strukturerade intervjuer med intressenter i den svenska flygindustrin f r att analysera hur nischinnovationer diskursivt inramas Resultaten visar att politisering och polarisering skapar kritiska diskursiva l sningar som r ett betydande hinder f r framtiden f r h llbart flyg Dessa l sningar hindrar politiskt ledarskap och begr nsar framv xten av nischinnovationer t ex dr nare Forskningen argumenterar att en nyanserad f rst else f r politisering och polarisering r avg rande f r att identifiera v gar f r att vervinna dessa barri rer och f r att utforma effektiva policyer som st der verg ngen     Library Journal Melvil Dewey,Richard Rogers Bowker,L.
