Beyond Territoriality Beyond Territoriality:

Beyond Territoriality Gunther Handl, Joachim Zekoll, Peer Zumbansen, 2012-10-23 Taking extraterritoriality the traditional touchstone for the state centered allocation of transnational legal authority as its conceptual starting point the book traces the evolution of transnational legal authority in the course of globalization It examines various representative transnational legal scenarios covering issues of inter alia the environment foreign trade and investment corporate governance criminal justice cyberspace and arms control The end result is a complex yet nuanced picture of today's global governance architecture in which transnational legal authority may be exercised unilaterally or multilaterally be minimally coordinated internationally or formally institutionalized reflect a traditional state centered a supra national or privatized approach and be rooted in a single or a multiple layered normative system

Territory Beyond Terra Kimberley Peters, Philip Steinberg, Elaine Stratford, 2018-03-08 At the root of our understanding of territory is the concept of terra land a surface of fixed points with stable features that can be calculated categorised and controlled But what of the many spaces on Earth that defy this simplistic characterisation Oceans in which places are continuously re formed Air that can never be fully contained Watercourses that obtain their value by transcending boundaries This book examines the politics of these spaces to shed light on the challenges of our increasingly dynamic world Through a focus on the planet's elements environments and edges the contributors to *Territory beyond Terra* extend our understanding of territory to the dynamic contentious spaces of contemporary politics
